4. The committee and its members shall have and exercise all of the rights, duties and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate as they are adopted and amended from time to time of this session, which provisions are incorporated herein and made applicable to this committee and its members.

5. The committee has the following additional powers and duties:

(a) To select a chairman and a vice chairman from its membership.
 (b) To contract with such other persons, public or private, as it deems necessary for the rendition and affording of such services, facilities, statutes and reports to the committee as will best assist it to carry out the purposes for which it is created.
 (c) To cooperate with and secure the cooperation of county, city, city and county, and other local law enforcement agencies in investigating any matter within the scope of this resolution and to direct the sheriff of any county to serve subpoenas, orders and other process issued by the committee.

(d) To report its findings and recommendations to the Senate and to the people from time to time and at any time, not later than herein provided.

(e) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution.

6. The sum of twenty thousand dollars (\$20,000) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Senate for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from the said contingent fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Senate Resolution No. 214

Relative to the creation of the Senate Interim Committee on Nurse Problems

WHEREAS, Adequate and competent nursing care is essential to the public health, safety and welfare ; and

WHEREAS, The number of qualified graduate nurses in this State is insufficient to meet the needs of state institutions, veterans facilities, the armed forces in this State, public and private hospitals, clinics and similar facilities, and of private citizens, and the number of additional qualified nurses needed in this State has been estimated at several thousand ; and

WHEREAS, While the need for nurses is increasing because of the increasing population of the State, the increase of hospitalization insurance, and the increasing awareness of the public of the desirability of prompt medical attention, the number of applicants for training in accredited nurses training schools in the State has declined ; and

WHEREAS, In order that legislation properly designed to safeguard the health and safety of the citizens of this State by remedying this situation may be enacted it is necessary that the Senate be fully informed as to all facts relating to, bearing upon or in any way affecting this subject ; now, therefore, be it

Resolved by the Senate of the State of California, As follows :

1. The Senate Interim Committee on Nurse Problems is hereby created and authorized and directed to ascertain, study and analyze all facts relating to nurses, nursing and the shortage of nurses, including but not limited to the problems of nurses and nurse recruitment, the training of nurses, the causes and effects of the shortage of nurses, and the public and private need for nurses, including but not limited to the operation, effect, administration, enforcement and needed revision of any and all laws in any way bearing upon or relating to the subject of this resolution, and to report thereon to the Senate, including in the reports its recommendations for appropriate legislation.

2. The committee shall consist of five Members of the Senate appointed by the Committee on Rules thereof. Vacancies occurring in the membership of the committee shall be filled by the appointing power.

3. The committee is authorized to act during this session of the Legislature, including any recess, and after final adjournment until the commencement of the 1953 Regular Session, with authority to file its final report not later than the thirtieth legislative day of that session.

4. The committee and its members shall have and exercise all of the rights, duties and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules of the Senate as they are adopted and amended from time to time at this session, which provisions are incorporated herein and made applicable to this committee and its members.

5. The committee has the following additional powers and duties :

(a) To select a chairman and a vice chairman from its membership.

(b) To contract with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created.

(c) To cooperate with and secure the cooperation of county, city, city and county, and other local law enforcement agencies in investigating any matter within the scope of this resolution and to direct the sheriff of any county to serve subpoenas, orders and other process issued by the committee.

(d) To report its findings and recommendations to the Legislature and to the people from time to time and at any time, not later than herein provided.

(e) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution.

(f) To meet and act both within and without the State whenever it is necessary or convenient to enable it to carry out its duties under this resolution.

6. The sum of _____ (\$ _____) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Senate for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from the said contingent fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

By Senator Collier:

Senate Resolution No. 215

**Relative to the creation of the Senate Interim Committee on Highways,
Streets, and Bridges**

WHEREAS, The public highways, streets, and bridges of the State are useful, necessary, and indispensable arteries of travel and commerce and have been constructed and improved at great public expense; and

WHEREAS, The State, in providing highway, road, and street facilities, is in effect managing and financing a full-scale transportation system, costing the highway users and taxpayers of the State in excess of \$200,000,000 annually; and

WHEREAS, Pavements and other highway improvements are not permanent but must be rebuilt, resurfaced, expanded, and modernized both to maintain and improve the existing facilities and to meet changing economic and industrial conditions; and

WHEREAS, The Legislature is responsible to the people as a whole for the imposition of taxes levied to support state highway, county road, and city street programs and in discharging this responsibility cannot be indifferent to the inefficient use of tax resources, but it appears possible that less diligence is presently exercised over expenditures of state-collected highway-user taxes by the State, the counties, and the cities than is exercised over the expenditure of other tax moneys because such expenditures do not directly affect the General Fund of the State or the tax rates of local governments; and

WHEREAS, The Department of Public Works has reported to the Legislature that the cost of improving the state highways alone to standards adequate for 1950 traffic conditions is estimated in excess of \$3,000,000,000, but only 1.4 billion dollars will be available for construction in the next 10 years; and

WHEREAS, The cost of acquiring rights of way and the limitation of access has risen to alarming proportions and appears to be continuing to rise, and the reasons for the increasing costs should be ascertained and the wisdom of limited access construction under certain conditions, should be reviewed by the Legislature; and

WHEREAS, Serious criticisms have arisen from time to time with respect to the advisability of constructing freeways in metropolitan areas where parking problems are not being solved and mass transit is not being improved; and

WHEREAS, The Legislature in its 1951 Regular Session considered alternative plans of financing an accelerated state highway construction and right of way acquisition program but it appeared that further study should be given to all aspects of California's highway problems, including an appraisal of the efficiency and effectiveness with which state collected highway-user tax funds are now being expended by all agencies of government to which such funds are entrusted; and

WHEREAS, The Senate Interim Committee on Highways, Streets, and Bridges, created by Senate Resolution No. 129 in the 1949 Regular Session of the Legislature, during the course of its inquiries found that several counties were apparently failing to comply with the spirit, if not the letter, of the Highway Act of 1947 with respect to county road administration, and, it, therefore, appears that the Legislature should have additional information on this subject in view of the fact that almost \$50,000,000 is apportioned annually by the State to counties for road purposes; and

WHEREAS, The State Controller is annually collecting data on county road and city street finance as required by the Highway Act of 1947 and such information should be carefully digested and evaluated for the use of the Legislature in considering legislation dealing with county road and city street affairs; and

WHEREAS, Expenditures by the Department of Motor Vehicles and the Department of the Highway Patrol are directly supported by taxes collected from highway-users and such expenditures directly reduce the amount of funds available for highways and, therefore, should be investigated by the Legislature in view of the apparent need for additional revenue; and

WHEREAS, The Legislature is faced with difficult problems of cost allocation in devising just and reasonable taxes for highway support, which problems have not been fully solved particularly with respect to the equitable taxation of heavy commercial vehicles although alternative solutions have been considered, and, therefore, further study is necessary in this connection; and

WHEREAS, Additional and more comprehensive data regarding the operating characteristics of various classes of motor vehicles, including such factors as annual vehicle mileages, average fuel consumption, loaded and empty vehicle weights, and the like, are indispensable to the formation of a reasonable and equitable system of highway-user taxation and, therefore, should be collected, analyzed, and made available to the Legislature; and

WHEREAS, No one of the administrative agencies of the State Government is so constituted that it can consider and advise the Legislature on all aspects of highway, road, and street management and finance, and, therefore, the Legislature finds a lack of complete and coordinated information on over-all highway problems; and

WHEREAS, The entire problem of proper maintenance, development, and financing of the highways, streets, and bridges requires continued study, investigation, vigilance, and exercise of foresight on the part of the Legislature to insure that the money

of the people of California is wisely expended, that modern and efficient methods are employed, that existing facilities are maintained, and that reasonable measures consistent with efficiency and economy are being taken to maintain, improve, and make safe the arteries of vehicular travel of the State; now, therefore, be it

Resolved by the Senate of the State of California, As follows:

1. The Senate Interim Committee on Highways, Streets, and Bridges is hereby created and authorized and directed to ascertain, study, and analyze all facts relating to and in any way connected with the maintenance and development of safe, efficient, economical, and adequate highways, streets, and bridges and the administration and financing thereof, including but not limited to the operation, effect, administration, enforcement, and needed revision of any and all laws in any way bearing upon or relating to the subject of this resolution and to report thereon to the Senate, including in the reports its recommendations for appropriate legislation.

2. The committee is further specifically authorized and directed to collect by questionnaires, direct investigation, or otherwise, all such information from the owners and operators of motor vehicles on the highways, roads, and streets of this State as it deems necessary in order to formulate a reasonable and equitable system of highway-user taxation for all classes of motor vehicle operation and to carry out the other purposes for which it is created.

3. The committee is further and specifically directed, without any limitation on its other powers, to ascertain, study and analyze all facts relating to the following:

(a) California's highway, road, and street needs, including an appraisal of the 1951 deficiency report made by the Department of Public Works and the criteria adopted in the preparation of that report;

(b) The efficiency and effectiveness of state highway, county road, and city street expenditures, including a determination of whether unnecessary, wasteful, or extravagant expenditures have been or are being made by any agency of government;

(c) Budgetary practices relating to highways, roads, and streets of the State, counties, and cities, including expenditure programs of the Motor Vehicle Department and the Department of the Highway Patrol;

(d) The effectiveness and efficiency of present administrative arrangements pertaining to highways, roads, and streets;

(e) The effectiveness of present policies of the State Department of Public Works with respect to advance planning of highway construction and the advance acquisition of rights of way;

(f) The costs and economic effects of present state policies with respect to the construction of limited access highways and metropolitan freeways;

(g) Alternative methods of financing the highway modernization program of California;

(h) Alternative methods of taxing heavy commercial vehicles equitably in relation to taxes on other highway users;

(i) The need for continuing collection of data regarding highway use, vehicle operating characteristics, and the effects of heavy vehicles on highways and vehicle traffic from which can be devised more equitable tax policies;

(j) The advisability of establishing a permanent committee or other agency in order (1) to provide a continuous check on expenditures of state-collected highway-user taxes by the State, counties, and cities; (2) to study and recommend legislation to guarantee and insure the most effective highway, road, and street management and the most efficient expenditure of highway, road, and street funds; (3) to accumulate and coordinate data which will provide a rational basis for the allocation of state-collected highway-user taxes among the various levels of government and among geographical areas of the state; (4) to accumulate and coordinate data which will provide a basis for the improvement of the highway-user tax structure and for such modifications of the structure as conditions may justify from time to time; (5) to study, analyze, and appraise on a continuing basis all aspects of highway, road, and street management, expenditure, and finance to the end that the Legislature will at all times be fully advised on the existing facts, new developments, and emerging issues in the transportation field; (6) to make studies of the economics of transportation in general, including taxation and regulatory policies, to the end that the State's role in providing the road plant will be properly integrated with the over-all development of an efficient transportation system for California; (7) to cooperate with other agencies, public and private, to accomplish the objectives of the committee or agency.

4. The committee shall consist of seven Members of the Senate appointed by the Committee on Rules thereof. Vacancies occurring in the membership of the committee shall be filled by the appointing power.

5. The committee is authorized to act during this session of the Legislature, including any recess, and after final adjournment until the commencement of the 1953 Regular Session, with authority to file its final report not later than the fifteenth legislative day of that session.

6. The committee and its members shall have and exercise all of the rights, duties, and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly and of the Standing Rules

of the Senate as they are adopted and amended from time to time, which provisions are incorporated herein and made applicable to this committee and its members.

7. The committee has the following additional powers and duties:

(a) To select a chairman and a vice chairman from its membership.

(b) To employ an executive secretary, engineers, auditors, and other personnel, as it deems necessary to carry out the purposes for which it is created.

(c) To contract with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created.

(d) To cooperate with and secure the cooperation of county, city, city and county, and other local law enforcement agencies in investigating any matter within the scope of this resolution and to direct the sheriff of any county to serve subpoenas, orders, and other process issued by the committee.

(e) To report its findings and recommendations to the Legislature and to the people from time to time and at any time, not later than herein provided.

(f) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution.

8. The committee and its employees may meet and act any place within the State or within the United States.

9. The sum of thirty-seven thousand five hundred dollars (\$37,500) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Senate for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from the said contingent fund and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read, and referred to Committee on Rules.

Amendment No. 1

In the first line of the title of the printed bill, as amended in Senate June 15, 1951, strike out "Section 10494.6 of", and insert "Sections 10494.6 and 10494.7 to".

Amendment No. 2

On page 2 of said bill, as amended, strike out lines 11 to 32, inclusive, and insert "SEC. 2. Section 10494.7 is added to said code, to read:

10494.7. With respect to the supplemental plan described in Section 10494.6, the commissioner may, in addition to the regulations permitted by Section 10498.6, promulgate other reasonable regulations covering all matters set forth in Section 10494.6 and this section. The commissioner shall require each employer making available such supplemental plan to post with him security in the form of a bond of an admitted surety insurer conditioned on the payment by the employer of his obligations under the entire plan or of deposits with the commissioner of securities approved by him to secure the payment of such obligations. Such security shall be equal to the greater of (a) twenty-five thousand dollars (\$25,000), (b) the estimated contributions of the employees under the entire plan for the ensuing year, (c) the contributions paid by the employees under the entire plan during the preceding year, or (d) one-half of all of the amounts of benefit either paid or incurred by the employer under the entire plan during the preceding year.

If, on examination or investigation of any plan which includes benefits for dependents, the commissioner finds that the aggregate of the trust funds separately held for the supplemental plan and the security in the form hereinabove described may not, in his judgment, be adequate to guarantee the payment of outstanding and incurred liabilities of the entire plan, he may require the employer to post such additional security as will, in his judgment, be adequate to guarantee the payment of all outstanding and incurred liabilities of the entire plan, and, if the employer fails to post such additional security, he may revoke the employer's certificate of exemption."

Amendments read, and adopted.

Bill ordered printed, and to third reading.

RESOLUTIONS

The following resolutions were offered:

By Senator Breed:

Senate Resolution No. 216

Relative to directing the interim Senate Committee on State and Local Taxation to study and report on the problem of sales and use taxation

WHEREAS, In the past four years numerous cities in the State of California have adopted sales and use taxes until there are now over 135 cities using this method for the raising of revenue; and

WHEREAS, There is no uniformity among the various ordinances under which these taxes are levied nor in the rates, methods of collection or the impact of the taxes; and

WHEREAS, The presence of state and numerous local sales or use taxes and their nonuniformity require retailers in California to file a multitude of reports and submit to many separate audits, thereby placing a costly and unnecessary burden upon retailers and ultimately upon the consumers; and

WHEREAS, It is the purpose of this Senate, as shown in the 1947 and 1949 reports of the interim Senate Committee on State and Local Taxation, to encourage the elimination of duplication of governmental activities and to reduce both the direct and indirect cost of state and local government and to encourage among other things the stabilization and equalization of sales and use taxes; and

WHEREAS, It is the belief of this Senate that the best interests of state and local government and the people of this State will be served if sales and use taxes are stabilized and equalized by a uniform system of sales and use taxation for both state and local levies and a single system for collection and reporting by the retailer; now, therefore, be it

Resolved by the Senate of the State of California. That the interim Senate Committee on State and Local Taxation, or such other Senate interim committee with similar powers and duties as may succeed it, is hereby requested to take such steps as are necessary to complete the study of the problem of local sales and use taxation, and to consider the various types of appropriate legislation necessary to set up a system under which the State of California will act as the collecting agent for all sales and use taxes, state and local, and requiring that all sales and use taxes be levied under a uniform law and at a uniform rate in each city, and providing for the remittance by the State of a specified portion of such sales and use tax collections to the local political subdivisions of the State; and be it further

Resolved, That said committee is requested to make its report on the subject of this resolution as early as possible during the 1952 Regular Session of the Legislature.

Resolution read, and referred to Committee on Rules.

Senate Resolution No. 217

Relative to the creation of the Senate Interim Committee on Water Problems

WHEREAS, The industry and agriculture of our State is dependent upon an adequate water supply which can be obtained only through the full development and utilization of our water resources; and

WHEREAS, Our present water supply is insufficient to fulfill even the present needs of the people of this State and the urgent need for the immediate completion of a comprehensive and coordinated program for the conservation of all of our water resources; and

WHEREAS, Much state legislation is pending and contemplated for consideration for the purpose of making the maximum possible beneficial use of the waters of the State; and

WHEREAS, There is much federal legislation now pending and in contemplation for enactment which would provide for various federal activities in connection with the solution of our water development and conservation problems, and there is much confusion as to just how California and the Federal Government may best cooperate in solving these problems, and a comprehensive plan should be carefully worked out for such cooperation between them; and

WHEREAS, The Central Valley Project is an integral part of the full development of the water resources and it is necessary to study means whereby the State can best assist in accomplishing its completion at the earliest possible date; and

WHEREAS, The San Francisco Bay area and coastal counties are in need, desperately, of an additional supply of fresh water; and

WHEREAS, It is necessary that a study be made of the means by which such a supply can be obtained for this area; now, therefore, be it

Resolved by the Senate of the State of California. As follows:

1. The Senate Interim Committee on Water Problems is hereby created and authorized and directed to ascertain, study and analyze all facts relating to or in any way bearing upon any of the subjects mentioned in the recitals of this resolution; any and all phases of flood control, river flow control and equation, domestic use, irrigation, reclamation, and power development of water, including the bearing thereof upon the economic, recreational and other needs of the people of the State and the relation thereof to the wild life and other natural resources of the State; the best means of cooperation with federal, local and other governmental agencies; the feasibility of the transfer of the Central Valley Project to this State for ownership and operation, including the development of plans for the negotiation of such transfers; and the means for securing an additional fresh water supply for the San Francisco Bay area and coastal counties, including but not limited to the operation, effect, administration, enforcement and needed revision of any and all laws in any way bearing

upon or relating to the subject of this resolution, and to report thereon to the Legislature, including in the reports its recommendations for appropriate legislation.

2. The committee shall consist of seven Members of the Senate appointed by the Committee on Rules thereof. Vacancies occurring in the membership of the committee shall be filled by the appointing power.

3. The committee is authorized to act during this session of the Legislature, including any recess, and after final adjournment until the commencement of the 1953 Regular Session, with authority to file its final report not later than the fifteenth day after the end of the constitutional recess. The time for filing the final report shall not be extended.

4. The committee and its members shall have and exercise all of the rights, duties and powers conferred upon investigating committees and their members by the provisions of the Joint Rules of the Senate and Assembly as they are adopted and amended from time to time at this session, which provisions are incorporated herein and made applicable to this committee and its members.

5. The committee or any subcommittee may meet and travel within or outside this State in pursuing the investigations committed to it.

6. The committee has the following additional powers and duties:

(a) To select a chairman and a vice chairman from its membership.

(b) To contract with such other agencies, public or private, as it deems necessary for the rendition and affording of such services, facilities, studies and reports to the committee as will best assist it to carry out the purposes for which it is created.

(c) To cooperate with and secure the cooperation of county, city, city and county, and other local law enforcement agencies in investigating any matter within the scope of this resolution and to direct the sheriff of any county to serve subpoenas, orders and other process issued by the committee.

(d) To report its findings and recommendations to the Legislature and to the people from time to time and at any time, not later than herein provided.

(e) To do any and all other things necessary or convenient to enable it fully and adequately to exercise its powers, perform its duties, and accomplish the objects and purposes of this resolution.

(f) To employ engineers and such other technical and clerical assistants as may be necessary to enable the committee to properly conduct its studies.

7. The sum of thirty thousand dollars (\$30,000) or so much thereof as may be necessary is hereby made available from the Contingent Fund of the Senate for the expenses of the committee and its members and for any charges, expenses, or claims it may incur under this resolution, to be paid from the Contingent Fund of the Senate and disbursed after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

Resolution read, and referred to Committee on Rules.

"SEC. 3.5. Section 12 of the Household Goods Carriers Act is amended to read:

Sec. 12. The commission shall, in granting permits pursuant to this act, require the household goods carrier to procure, and continue in effect during the life of the

permit, adequate protection, against liability imposed by law upon the carrier for the payment of damages for personal bodily injuries, including death resulting therefrom, in the amount of not less than [twenty-five] *ten* thousand dollars [(\$25,000)] (\$10,000) on account of bodily injuries to, or death of, one person; and protection against a total liability of the household goods carrier on account of bodily injuries to, or death of, more than one person, as a result of any one accident, in the amount of not less than [fifty] *twenty* thousand dollars [(\$50,000)] (\$20,000); and protection in an amount of not less than [ten] *five* thousand dollars [(\$10,000)] (\$5,000) for one accident resulting in damage or destruction of property whether the property of one, or more than one claimant.

The commission may, upon its own motion or upon the application of any interested party, and after hearing, require any household goods carrier to procure and maintain cargo insurance in such amounts and upon such terms as the commission may determine.

The protection required under this section shall be evidenced by the deposit with the commission covering each vehicle used or to be used under the permit applied for.

(1) Of a policy or policies of insurance, issued by a company licensed to write such insurance in the State; or

(2) Of a bond of a surety company licensed to write surety bonds in the State.

With the consent of the commission a copy of an insurance policy, certified by the company issuing it to be a true copy of the original policy, or a photostatic copy thereof, or an abstract of the provisions of the policy, or a certificate of insurance issued by the company issuing the policy, may be filed with the commission in lieu of the original or a duplicate or counterpart of the policy.

The protection against liability shall be continued in effect during the active life of the permit. The policy of insurance or surety bond shall not be cancelable on less than thirty (30) days written notice to the commission.

The commission may establish such rules as are necessary to enforce this section."

Amendment No. 14

On page 3 of said bill between lines 27 and 28, insert

"SEC. 6.5. Section 5161 of said code is amended to read:

5161. The commission shall, in granting permits pursuant to this chapter, require the household goods carrier to procure, and continue in effect during the life of the permit, adequate protection, against liability imposed by law upon the carrier for the payment of damages for personal bodily injuries, including death resulting therefrom, in the amount of not less than [twenty-five] *ten* thousand dollars [(\$25,000)] (\$10,000) on account of bodily injuries to, or death of, one person; and protection against a total liability of the household goods carrier on account of bodily injuries to, or death of, more than one person, as a result of any one accident, in the amount of not less than [fifty] *twenty* thousand dollars [(\$50,000)] (\$20,000); and protection in an amount of not less than [ten] *five* thousand dollars [(\$10,000)] (\$5,000) for one accident resulting in damage or destruction of property whether the property of one, or more than one claimant.

The commission may, upon its own motion or upon the application of any interested party, and after hearing, require any household goods carrier to procure and maintain cargo insurance in such amounts and upon such terms as the commission may determine."

On page 1 of said bill, strike out lines 16 to 18, inclusive; and on page 2, strike out lines 1 to 22, inclusive, and insert

"SEC. 3. Section 19601.5 of said code is amended to read:

19601.5. The need of a parent and child for child care center service shall be determined upon the following conditions:

(a) That there is but one parent in the home who both supports and cares for the child, or

(b) That there are two parents in the home, both of whom are working, or one of whom is physically or mentally unable to either support the family or care for the child, or

(c) That either parent is a veteran of World War II attending school or receiving instruction under the Servicemen's Readjustment Act of 1944 [during the years 1947 to 1951,] or under Article 2, Chapter 6, Division 4 of the Military and Veterans Code, and the other parent, if any, is gainfully employed, or

(d) That the services of the parent having care of the child are necessary as a qualified and acceptable teacher in a public school [or as a registered nurse or to meet an emergency arising from the necessity of harvesting or processing crops,] as shall be evidenced by a statement from the employing authority of the public school to the governing body of the child care center, or

(e) That the services of the parent having care of the child are necessary as a registered nurse, as shall be evidenced by a statement from the responsible employer to the governing body of the child care center, or

(f) That the services of the parent having care of the child are necessary as a worker in industry essential to the mobilization effort, as shall be evidenced by a statement from the employer in such industry as shall have been designated as essential to the mobilization effort by the Director of Employment, or

(g) That the services of the parent having care of the child are necessary to meet an emergency arising from the necessity of harvesting or processing crops, or as an agricultural worker where the employer shall have established facilities for use by the child care center.

The need for child care of a parent and child who come within (a) and (b) of this section shall take precedence over the need for child care of a parent, or parents, and child who come within (c) to (g), inclusive, of this section.

SEC. 4. Section 19601.6 of said code is amended to read:

19601.6. Except [under the conditions specified in paragraphs (c) and (d) of Section 19601.5] as provided in Section 19601.7, no child shall be admitted to a child care center if the total monthly income from all sources of the child's immediate family:

(a) Where both parents are working, exceeds [two hundred seventy-five dollars (\$275), or,] three hundred dollars (\$300) if there is one child in the family, three hundred fifty dollars (\$350) if there are two children, four hundred dollars (\$400) if there are three children, and an additional fifty dollars (\$50) for each child in excess of three.

(b) Where but one parent, who has both custody and care of the child, is the sole wage earner of the child's immediate family, exceeds two hundred [twenty-five dollars

(\$225), provided, however, that if under (a) above the monthly income of the child as determined by dividing the total monthly income of the child's immediate family from all sources by the number of persons to be supported therefrom does not exceed sixty dollars (\$60), then such child may still be admitted to a child care center even though such total monthly income of the child's immediate family exceeds two hundred seventy-five dollars (\$275), and provided further however, that if, under (b) above, the monthly income of the child as determined by dividing the total monthly income of the child's immediate family all sources by the number of persons to be supported therefrom does not exceed sixty dollars (\$60), then such child may still be admitted to a child care center even though such total monthly income of the child's immediate family exceeds two hundred twenty-five dollars (\$225) *if sixty dollars (\$60) if there is one child in the family, three hundred dollars (\$300) if there are two children, three hundred fifty dollars (\$350) if there are three children, four hundred dollars (\$400) if there are four children, and an additional fifty dollars (\$50) for each child in excess of four.*

[The] Except as provided in Section 19601.7 the maximum "total monthly income" figure in either case may be exceeded in any month or months of the year if in the opinion of the board the total income from all sources, of the child's immediate family for the calendar year divided by 12 will not exceed such maximum. *In estimating earnings of any member of the child's immediate family the commutation of weekly wages shall be on the basis of wages based on a five-day week if the employer of such person certifies to said governing board that the work week of such person is five days or more.*

SEC. 5. Section 19601.7 is added to said code, to read:

19601.7. If either parent is a veteran coming within (c) of Section 19601.5 and is attending school or receiving instruction for not less than half-time, or if either parent comes within (b), (e), (f), or (g) of Section 19601.5, and if the income from all sources of the child's immediate family exceeds that fixed by (b) of Section 19601.6, a child of such parents may be admitted to a child care center but the governing board of the school district maintaining the child care center shall, notwithstanding anything in Section 19607 to the contrary, charge and collect from the person having custody of the child a weekly fee which shall be in such amount as will reimburse the district for the cost of supervision, care, and the cost of all food furnished such child.

As applied to the families of men on active duty with the United States Armed Forces, only that portion of the pay and allowances of such men shall be included in the "total monthly income" which is the amount legally required to be made available for the support of the family by rule or regulation.

SEC. 6. Section 19602.5 of said code is repealed.

SEC. 7. Section 19602.5 is added to said code, to read:

19602.5. Said governing board may accommodate in a child care center maintained by it children residing in another district, upon such terms and under such conditions as may be agreed upon by the governing boards of both districts.

SEC. 8. Section 19608 of said code is amended to read:

19608. The said governing board shall establish in the county treasury a fund to be known as the "child care center fund" into which shall be paid all funds received by the district for, or from the operation of, child care centers, *including, but not limited to, all funds derived under Sections 19613.7 and 19613.8.* The costs incurred in the maintenance and operation of child care centers shall be paid from said fund.

No funds of a district derived from the receipts of district taxes, *except a district tax levied under Sections 19613.6 and 19613.8,* or derived from moneys apportioned to the district for the support of the schools thereof, except state moneys expressly appropriated from the General Fund for the support of child care centers, may be expended for, or in connection with, a child care center."

Amendment No. 3

On page 2, line 23, of said bill, strike out "SEC. 4", and insert "SEC. 9".

Amendment No. 4

On page 2, lines 26 and 27, of said bill, strike out "Chapter 11, Division 9 of the Education Code", and insert "this chapter".

Amendment No. 5

On page 2, line 29, of said bill, strike out "the discretion"; and strike out lines 30 and 31, and insert "accordance with the provisions of this chapter.

SEC. 10. Section 19613 of said code is amended to read:

19613. [The governing board of each school district is hereby authorized to accept funds from the Government of the United States or any agency thereof, or from any other source other than funds derived from taxes levied by any taxing agency, for any of the purposes of this chapter and such funds may be accepted subject to such conditions as will further the purpose of this chapter. As used in this section "taxing agency" has the meaning ascribed to the phrase in the Revenue and Taxation Code except that it does not include the State in respect to appropriations from the General Fund.] *The State Department of Education is hereby authorized to accept funds from the Government of the United States and to apportion them to the governing board of such school districts as conduct child care centers which are hereby authorized to*

accept such funds or funds from any other source for any of the purposes of this chapter and all such funds may be accepted subject to such conditions as will further the purposes of this chapter. The State Department of Education shall report to the Legislature at the beginning of the 1952 Budget Session its estimate of the amount necessary for the continuance of this program to its terminal date June 30, 1953, and its recommendations for the expansion or modification of the child care program.

SEC. 11. Section 19613.5 of said code is amended to read:

19613.5. No state funds shall be expended for the operation of child care centers after June 30, 1953, and [February 15, 1951.] the unencumbered balance of any appropriation for child care centers shall revert to the General Fund June 30, 1953 [February 16, 1951]."

Amendment No. 6

On page 2, line 33, of said bill, strike out "SEC. 6", and insert "SEC. 12".

Amendment No. 7

On page 3, line 1, of said bill, strike out "SEC. 6.5", and insert "SEC. 13".

Amendment No. 8

On page 3 of said bill, between lines 17 and 18, insert

"SEC. 14. Section 19602.3 is added to said code, to read:

19602.3. Children regularly enrolled in a child care center who are absent on account of illness or quarantine shall be considered to be in regular attendance for the number of hours per day for which they are enrolled for the purpose of reporting attendance for state apportionments, whenever the school district certifies that such absence was on account of illness or quarantine and is verified by the district in such manner as the Superintendent of Public Instruction shall require. All attendance shall be recorded and reported in accordance with the requirements of the Superintendent of Public Instruction."

Amendment No. 9

On page 3, line 18, of said bill, strike out "SEC. 7", and insert "SEC. 15".

Amendment No. 10

On page 3 of said bill, strike out lines 19 to 22, inclusive, and insert

"SEC. 16. Section 19607 of said code is amended to read:

19607. Said governing board shall charge and collect, in advance, from the person having custody of any child admitted to a child care center a weekly fee [which, together with all funds received under Section 19613, shall be in such amount as will reimburse the district for the cost of maintaining such child care center including supervision and care and the cost of all food furnished such child. The weekly fees charged need not be uniform] equal to that specified in the fee schedule prescribed by the Superintendent of Public Instruction.

It is hereby declared to be the policy of the Legislature that child care centers shall be made available first to those who have the greatest financial need [and to that end no money appropriated therefor shall be expended for the care or education of any child in a child care center unless a sliding scale of weekly fees shall have been adopted by the board of school district in which such child care center is maintained under which], and the sliding scale of fees prepared by the Superintendent of Public Instruction shall provide for a nominal fee [shall be charged] for children of families having a monthly income of less than one hundred fifty dollars (\$150) or of less than forty dollars (\$40) per member of the child's immediate family, and increasingly larger fees shall be charged for children of families having larger incomes. It is further declared to be the policy of the Legislature that so far as possible [where an increase in fees is made necessary because of insufficient funds] when it becomes necessary for the Superintendent of Public Instruction to adjust the fee schedule that any [such] increase shall be made first in fees charged to those in the higher income brackets, and the rate of increase in fees charged for children of families of different income levels need not be uniform as between the different income levels. It is further declared to be the policy of the Legislature that the fee [scales] schedule shall, so far as reasonably possible, [be uniform for all child care centers, and that they shall] be established on such basis and in accordance with such principles as the [State Department of Education may recommend] Superintendent of Public Instruction may determine to insure proper administration of the child care center program and to establish uniform budgetary and accounting procedures.

SEC. 17. Section 19607.1 is added to said code, to read:

19607.1. It is hereby declared to be the policy of the Legislature that, on a state-wide average, of the total amount of the cost for the maintenance and operation of child care centers attributable to children less than five years and nine months of age and paid for by state funds apportioned to the districts and fees collected from parents on account of such children, two-thirds of such total cost shall be paid from such state funds and one-third from such fees. Funds derived from district taxes levied under this chapter may be expended in addition to parent fees and state funds, and shall

not operate to affect the operation of either the fee schedule or the formula for apportioning state funds provided for in this chapter.

SEC. 18. Section 19607.2 is added to said code, to read:

19607.2. The Superintendent of Public Instruction shall prepare a schedule of fees which shall be used by each school district for the charging of fees to parents. The schedule shall be on a sliding scale, ranging from a lesser amount for parents within low income levels to a higher amount for higher income levels for parents who come within the provisions of Section 19601.6. The schedule shall, together with the estimated income to be derived from fees collected from parents pursuant to Section 19601.7, provide as nearly as possible an amount equal to one-half of the state-wide average state support per hour for children less than five years nine months of age as provided in this code. The fee schedule shall be on an hourly basis, and shall be the same for all children.

SEC. 19. Section 19607.3 is added to said code, to read:

19607.3. The Superintendent of Public Instruction may revise the fee schedule as necessary in order to conform with the provisions of this code. A change in the fee schedule shall become effective fifteen days after notice of such change has been given by the Superintendent of Public Instruction in writing to each district maintaining a child care center.

SEC. 20. Section 19607.4 is added to said code, to read:

19607.4. The state-wide average state support per hour shall be twenty-five cents (\$.25) for children less than five years nine months of age and sixteen cents (\$.16) for other children. The Superintendent of Public Instruction shall apportion state funds to the districts using said state-wide average state support as a maximum, except that if the fees collected by any district shall for any month be more or less than one-half of the state-wide average state support per hour for children less than five years nine months of age, the average state-wide state support amount shall be increased or decreased in an amount equal to the amount the fees deviate from one-half of the average state-wide state support, provided in no event shall the state amount exceed thirty cents (\$.30) for children less than five years nine months of age or twenty cents (\$.20) for other children."

Amendment No. 11

On page 3 of said bill, strike out lines 23 and 24, and insert

"SEC. 21. The sum of five million four hundred fifty-six thousand eight hundred fifty-six dollars (\$5,456,856) is hereby".

Amendment No. 12

CONSIDERATION OF DAILY FILE (RESUMED)
THIRD READING OF SENATE BILLS (RESUMED)

Senate Resolution No. 191, as Amended

Relative to an investigation and study of the water resources of the North Coastal Area

WHEREAS, The State Engineer has under formulation for the State Water Resources Board the California Water Plan with the objective to determine the best practicable means for the conservation and use of the water resources of the State; and

WHEREAS, The water resources of the mountainous areas are not as yet fully developed; now, therefore, be it

Resolved by the Senate of the State of California, That the water resources of the mountainous areas have vast potentialities for future development to the advantage of and for the benefit of the State of California and inhabitants of said area, and the State Engineer is therefore requested to include in current studies and investigations as part and parcel of formulation of the California Water Plan an investigation and study of the water resources of the mountainous areas with the objective of development and utilization thereof to the maximum feasible extent, for any and all beneficial uses including irrigation and domestic use, municipal and industrial use, recreation and fish and wildlife purposes, and production of hydroelectric energy and a sound economical plan for such development and utilization which will assure to the mountain counties sufficient of such resources for their own water needs and development; and be it further

Resolved, That the Secretary of the Senate is directed to transmit a copy of this resolution to the State Engineer.

Resolution read, and on motion of Senator Regan, adopted.

Senate Concurrent Resolution No. 94—Relative to effecting adequate information to California suppliers and declaring public policy thereon.

Resolution read.

The roll was called, and the resolution adopted by the following vote:

AYES—Senators Abshire, Brown, Byrne, Collier, James E. Cunningham, Roy Cunningham, Dillinger, Dilworth, Erhart, Gibson, Hatfield, Hoffman, Ed. C. Johnson, Harold T. Johnson, Kraft, McBride, McCarthy, O'Gara, Powers, Sutton, Tenney, and Thompson—22.

NOES—None.

Resolution ordered transmitted to the Assembly.

Senate Resolution No. 206

Relative to effecting adequate information to California suppliers and declaring a public policy thereon

WHEREAS, California contractors and labor have complained that catalog references by state officials in calls for bids and in specifications for plans have put California industry and labor at a disadvantage because in many instances these

catalogs are not readily available to California bidders and that even when available, the descriptions in such catalogs are insufficient to permit California industries to bid intelligently; and

WHEREAS, Section 4224 of the Government Code permits California bidders to be 5 percent above the lowest other bids; and

WHEREAS, It is hereby declared to be the policy of the State of California to encourage and assist California industry and labor in the production and sale of articles, including buildings, fixtures, equipment and supplies, which are fabricated and assembled in the State. For the purpose of giving full employment to California industry and labor to the maximum possible extent, the State should draft specifications and call for bids in such a manner as to enable California manufacturers at all times to compete on as nearly as practicable equal footing with manufacturers and suppliers in other states; now, therefore, be it

Resolved by the Senate of the State of California, That the Director of Finance, the State Purchasing Agent, the State Architect, the Director of Public Works, are hereby requested to investigate as soon as practicable and in any case not later than August 1st, the complaints and problems described herein, and thereafter as soon as practicable and in any case not later than September 1st, to meet with representatives of the California Manufacturers Association, the Chambers of Commerce of San Francisco and Los Angeles, the State Federation of Labor (AFL), the San Francisco and Los Angeles Building Trades Councils, the CIO of California, the Associated General Contractors, the Architects Association of California, and other representatives of California industry and labor affected by state contracts for construction and purchase of materials for construction; and be it further

Resolved, That said state officials are hereby requested to investigate particularly the proposed policies set forth in Senate Bill No. 1827 introduced in the Senate of California May 25, 1951; and that said state officials are hereby requested also to investigate the advantages and disadvantages of a policy which would require that use by the State of catalog references in specifications and calls for bids be confined to such articles as are available to all contractors through regular commercial outlets, which are commonly so specified in general practice and for which a catalog reference is a sufficient description to enable the securing of competitive bids from other firms which customarily fabricate equivalent articles; and be it further

Resolved, That said state officials are hereby requested to make a written report on or before February 1, 1952, to the Governor and the Senate covering the following matters:

(a) The results of the investigation and meetings described above.

(b) What action, if any, has been taken by said state officials to eliminate the use of catalog references which put California manufacturers and contractors at a disadvantage.

(c) The results of such action and a statement as to whether California industry and labor representatives are satisfied that the State of California is doing everything possible to protect their interests in the matter.

(d) The recommendations, if any, for legislative or executive action to carry out the policy stated herein; and be it further

Resolved, That copies of this resolution be sent to the state officials and organizations mentioned above.

Resolution read, and on motion of Senator O'Gara, adopted.

Senate Concurrent Resolution No. 95—Relative to the creation of the Joint Interim Committee on Narcotics and Hypnotics.

Resolution read.

The roll was called, and the resolution adopted by the following vote:

LETTER OF TRANSMITTAL

SENATE INTERIM COMMITTEE ON WORKMEN'S COMPENSATION BENEFITS
SENATE CHAMBER, SACRAMENTO, June 21, 1951

Hon. Goodwin J. Knight, President of the Senate
Senate Chamber, State Capitol
Sacramento, California

MR. PRESIDENT: The Senate Interim Committee on Workmen's Compensation Benefits was created by Senate Resolution No. 153 adopted July 2, 1949, and was continued by Senate Resolution No. 31 adopted January 16, 1951. The committee filed a very comprehensive report on April 13, 1951, a supplemental report on May 11, 1951, and herewith presents its final report.

In the first report, we presented the information and data acquired through our investigation, research, and public hearings. In the second report appeared recommendations in respect to certain statutory improvements which, in the opinion of the committee, warranted speedy enactment.

In this final report, we direct attention to various complex phases of the workmen's compensation law and briefly review the conditions and circumstances upon which the accompanying recommendations were based. Each recommendation carries the unanimous approval of the committee.

Respectfully submitted,

SENATOR CLARENCE C. WARD, Chairman

Letter of Transmittal ordered printed in the Journal, and report ordered printed in the appendix to the Journal.

SEC. 1.5. This act may be cited as "The State School Fund Apportionment Act of 1951."

SEC. 2. Sections 2.5, 10, 12, and 13 of the act cited in Section 1 of this act are repealed.

SEC. 3. Sections 5153.3 and 7062 of the Education Code are repealed.

SEC. 4. Articles 2, 3 and 11.6 of Chapter 15, and Article 1 of Chapter 16, of Division 3 of said code are repealed.

SEC. 5. Section 5153.3 is added to said code, to read:

5153.3. In addition there shall be provided:

(a) The amount apportioned by the Superintendent of Public Instruction under Article 11.6 of Chapter 15 of this division.

(b) Such of the amount allowed by the Superintendent of Public Instruction under Article 2 of Chapter 15 of this division as is in excess of the amount computed by multiplying the total average daily attendance in all schools and classes maintained by county superintendents of schools and by the elementary school districts, high school districts, and junior college districts of the State during the preceding fiscal year by two dollars (\$2).

(c) The total of the amount allowed school districts by the Superintendent of Public Instruction under subdivision (a) of Section 7117.

(d) Seven hundred thousand dollars (\$700,000) for apportionment to high school districts.

(e) One million eight hundred thousand dollars (\$1,800,000) for apportionment to school districts pursuant to subdivision (b) of Section 7117.

SEC. 5.1. Section 5009 is added to said code, to read:

5009. The Department of Finance shall audit the books and accounts of school districts. In lieu of auditing the books and accounts of each school district, the Department of Finance may conduct such audits as it deems sufficient to determine the validity of the allocation of state funds for school purposes and to establish proper accountability and at such times as, in the judgment of the Department of Finance, will serve the best interests of the State, or the Department of Finance may accept a grand jury audit if the report covering such audit contains such statements and information as may be prescribed by the Department of Finance.

The Department of Finance shall render to the State Controller a report of all such audits, showing therein the findings, and the Controller shall make the necessary adjustments in future apportionments to the several school districts wherein such audits show that the same are necessary to correct any deficiencies or overages in the apportionment of state funds.

Nothing in this section shall be construed as authorizing the Department of Finance to examine into or report on the curriculum used or provided for in any school district.

SEC. 5.2. Section 5158 is added to said code, to read:

5158. The Department of Finance shall audit the books and accounts of school districts. In lieu of auditing the books and accounts of each school district, the Department of Finance may conduct such audits as it deems sufficient to determine the validity of the allocation of state funds for school purposes and to establish proper accountability and at such times as, in the judgment of the Department of Finance, will serve the best interests of the State, or the Department of Finance may accept a grand jury audit if the report covering such audit contains such statements and information as may be prescribed by the Department of Finance.

The Department of Finance shall render to the State Controller a report of all such audits, showing therein the findings, and the Controller shall make the necessary adjustments in future apportionments to the several school districts wherein such audits show that the same are necessary to correct any deficiencies or overages in the apportionment of state funds.

Nothing in this section shall be construed as authorizing the Department of Finance to examine into or report on the curriculum used or provided for in any school district.

SEC. 6. Section 6906 is repealed effective July 1, 1952.

SEC. 7. Section 6907 is added to said code, to read:

6907. If the average daily attendance of pupils residing in territory of a district, hereinafter referred to as the "original district", in the regular day schools of such original district during the fiscal year immediately preceding the effective date of the inclusion of such territory for all purposes in another district of the same type, hereinafter referred to as the "acquiring district", under or pursuant to any provision of law, exceeds 25 units, such average daily attendance shall, for all the purposes of this division, be deemed to have been average daily attendance in the regular day schools of the acquiring district and not average daily attendance in the regular day schools of the original district, except that if the acquiring district was not in existence for all purposes during said preceding fiscal year, such average daily attendance shall be deemed to have been average daily attendance in the regular day schools of the acquiring district during said preceding fiscal year.

The average daily attendance of pupils in the regular day junior colleges of a high school district during the fiscal year immediately preceding the effective date of the inclusion of such high school district in a junior college district shall, for all the purposes of this division, be deemed to be average daily attendance in regular day junior colleges of the junior college district during said preceding fiscal year and not average daily attendance in the regular day junior colleges of the high school district during said preceding fiscal year.

For the purposes of this section all elementary school districts are districts of the same type, all high school districts are districts of the same type, and all junior college districts are districts of the same type.

The inclusion of the whole or a portion of an elementary school district, high school district, or junior college district in a unified school district shall be deemed to be the inclusion of such elementary school district, high school district, or junior

college district or portion thereof in the elementary school district, high school district, or junior college district, as the case may be, within the unified school district.

The Superintendent of Public Instruction shall, and is authorized so to do, adopt such rules and regulations as in his judgment are necessary to give effect to this section.

SEC. 8. Section 7001 of said code is amended to read:

7001. The Superintendent of Public Instruction shall during each fiscal year allow to the county school service fund of each county from the State School Fund such amount as the budget submitted by the county superintendent of schools and approved by the Superintendent of Public Instruction, under Section 7002, shows is necessary, but the total amount allowed by the Superintendent of Public Instruction under this section to all county school service funds for supervision of instruction in all grades and classes of elementary school districts shall not exceed a sum determined by multiplying the total average daily attendance credited to all elementary school districts in the State during the preceding school year by one dollar and thirty cents (\$1.30) and for all other purposes shall not exceed a sum determined by multiplying the total average daily attendance in all kindergarten, elementary, high school and junior college schools during the preceding fiscal year by three dollars (\$3).

SEC. 9. Article 2 is added to Chapter 15 of Division 3 of said code, to read:

Article 2. Computation of Additional Allowances to School Districts and County School Service Funds for Transportation

7011. The Superintendent of Public Instruction shall not allow under this article during any fiscal year a total amount in excess of an amount computed by multiplying the total average daily attendance in the schools and classes maintained by county superintendents of schools and in the elementary school districts, high school districts, and junior college districts of the State during the preceding school year by three dollars (\$3).

7011.1. The Superintendent of Public Instruction shall allow to each school district and county school service fund such amount as is required by this article.

7012. (a) "Transportation" as used in this article means, unless the context otherwise requires:

(1) The transportation of pupils between their homes and the schools attended by them as provided by a school district.

(2) The payment of moneys by a school district to parents or guardians of pupils in lieu of providing for the transportation of such pupils between their homes and the schools attended by them.

(3) The providing of board and lodging to pupils by a school district in lieu of providing for the transportation of such pupils between their homes and the schools attended by them.

(b) "Pupils" as used in this article does not include pupils for whom the Superintendent of Public Instruction in computing the excess cost of educating physically handicapped pupils under Chapter 9 of Division 4 includes in such excess costs the cost of transportation of such pupils.

7013. The Superintendent of Public Instruction shall make all allowances under this article during a fiscal year in accordance with regulations, not in conflict with this article, adopted by him, and he is hereby authorized and directed to adopt such regulations. None of such regulations shall be binding upon any school district, but no allowance shall be made under this article to a school district for any item of current expense or capital outlay with respect to which the school district has failed to comply with the regulations of the Superintendent of Public Instruction applicable to such item.

The regulations adopted by the Superintendent of Public Instruction hereunder shall, among other matters:

(a) Prescribe the records to be kept by, and reports to be made by, school districts.

(b) Fix the minimum distances for the sole purpose of determining the total current expenses of a district for transportation.

(c) Determine what expenditures constitute "current expenses."

(d) Establish and prescribe formulae for the sole purpose of computing financial allowances under which school busses may be acquired in accordance with the provisions of Section 7017.

(e) Provide for the review and approval of all expenditures upon which allowances are computed.

(f) Establish and prescribe formulae for the sole purpose of computing financial allowances for reimbursement of replacement expenses incurred by a school district in replacing school busses.

7014. (a) He shall allow to each elementary school district, high school district, and junior college district, except as to any to which Section 7016 is applicable, which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the district for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied

on each one hundred dollars (\$100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than two cents (\$0.02) he shall allow to the district (a) 50 percent of the amount which would be produced by not more than eight cents (\$0.08) of the computed tax rate less two cents (\$0.02) and (b) 100 percent of the amount which would be produced by the computed tax rate in excess of eight cents (\$0.08).

(b) He shall allow to each high school district maintaining a junior college, except as to any to which Section 7016 is applicable, which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars (\$100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than three cents (\$0.03) he shall allow to the district (a) 50 percent of the amount which would be produced by not more than twelve cents (\$0.12) of the computed tax rate less three cents (\$0.03) and (b) 100 percent of the amount which would be produced by the computed tax rate in excess of twelve cents (\$0.12).

7015. (a) He shall allow to each unified school district formed under the provisions of Chapter 16 of Division 2 of this code, the formation of which became effective on July 1, 1948, or thereafter, an amount equal to the total current expenses of the district during the preceding fiscal year for the transportation of pupils, determined by the Superintendent of Public Instruction to have been required because of a change of the location of schoolhouses or the reorganization of attendance centers within the district during such preceding fiscal year. No allowance shall be made under this paragraph subsequent to the close of the fifth fiscal year following that in which the district was formed and thereafter the provisions of the next paragraph shall control as to such district.

He shall allow to each unified school district not maintaining a junior college which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

(b) He shall determine the total current expenses of the district for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars (\$100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than three cents (\$0.03) he shall allow to the district (a) 50 percent of the amount which would be produced by not more than twelve cents (\$0.12) of the computed tax rate less three cents (\$0.03) and (b) 100 percent of the amount which would be produced by the computed tax rate in excess of twelve cents (\$0.12).

(c) He shall allow to each unified school district maintaining a junior college which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the district for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars (\$100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents (\$0.04) he shall allow to the district (a) 50 percent of the amount which would be produced by not more than sixteen cents (\$0.16) of the computed tax rate less four cents (\$0.04) and (b) 100 percent of the amount which would be produced by the computed tax rate in excess of sixteen cents (\$0.16).

7016. He shall compute for each group of two or more school districts which have been continuously from a time prior to July 1, 1949, governed by boards of identical personnel during the preceding fiscal year and have maintained a single transportation system for all of such districts which provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the district for such transportation during the preceding fiscal year.

(a) He shall, if such group comprises an elementary school district and a high school district not maintaining a junior college and each district provided for the transportation of pupils, or comprises an elementary school district, a high school district, and a junior college district and each district except the junior college district provided for the transportation of pupils, or comprises a high school district and a junior college district and each district provided for the transportation of pupils, then determine what rate of tax levied on each one hundred dollars (\$100) of 90 percent of the assessed valuation of that one of such districts providing for the transportation of pupils which has the largest assessed valuation as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed

tax rate, would, if levied, produce such amount. If the computed rate of tax is more than three cents (\$0.03) he shall allow to the district (a) 50 percent of the amount which would be produced by not more than twelve cents (\$0.12) of the computed tax rate less three cents (\$0.03) and (b) 100 percent of the amount which would be produced by the computed tax rate in excess of twelve cents (\$0.12).

(b) He shall, if such group comprises an elementary school district, and a high school district maintaining a junior college, each of which provided for the transportation of pupils, including those attending the junior college, or comprises an elementary school district, a high school district, and a junior college district, each of which provided for the transportation of pupils, then determine what rate of tax levied on each one hundred dollars (\$100) of 90 percent of the assessed valuation of that one of such districts providing for the transportation of pupils which had the largest assessed valuation as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents (\$0.04) he shall allow to the district (a) 50 percent of the amount which would be produced by not more than sixteen cents (\$0.16) of the computed tax rate less four cents (\$0.04) and (b) 100 percent of the amount which would be produced by the computed tax rate in excess of sixteen cents (\$0.16).

He shall then allow to each district in the group the same ratio of the total amount computed for the group as the governing boards of the districts in the groups certify to him is the ratio the amount expended for such transportation in such district during the preceding fiscal year was of the total expenditures of all districts in the group for such transportation during the preceding fiscal year.

7017. In the case of a unified school district formed under Chapter 16 of Division 2 of this code, the formation of which became effective for all purposes on July 1, 1948, or thereafter, there shall be included in addition to the current costs of the district the cost of school busses for the first five fiscal years in which it purchases school busses determined by the Superintendent of Public Instruction to have been required because of changes in the location of schools or the reorganization of attendance centers within the district, the entire cost of such busses. This paragraph shall not be effective as to any unified school district after the end of the fifth fiscal year succeeding the formation of the district.

7018. The Superintendent of Public Instruction in approving, under this article, current expenditures of school districts for the transportation of pupils shall apply the same standards and bases for such approval to expenditures for such transportation provided by a school district in school busses owned and operated by the school district and expenditures for such transportation provided by contract with a private party except that with respect to expenditures for transportation by contract with a private party, he shall make due allowance for all expenditures by the private party required of it by law and not required of a school district in connection with the operation of busses owned by the district.

7019. In the event the total amount which may be allowed under Section 7011 for allowance under this article during any fiscal year is less than the total allowances computed under this article for such fiscal year without regard to Section 7011, the amounts allowed shall be reduced in the ratio that the amount of such deficit bears to the amounts allowed.

SEC. 10. Section 7031.1 is added to said code, to read:

7031.1. With respect to any unified school district which became effective for all purposes after July 1, 1950, the foundation program for such district as computed under this article shall be increased five dollars (\$5) for each unit of average daily attendance in each of the first five fiscal years of its existence for all purposes.

SEC. 11. Section 7037 of said code is repealed.

SEC. 12. Section 7037 is added to said code to read:

7037. For each high school district which had an average daily attendance during the preceding fiscal year of less than 301, he shall compute, except as otherwise provided, ten thousand eighty dollars (\$10,080) for the first five units; five hundred four dollars (\$504) for each of the sixth to sixty-second units, inclusive; three hundred thirty dollars (\$330) for the sixty-third unit; one hundred sixty-six dollars (\$166) for each of the sixty-fourth to one hundred thirtieth units, inclusive; and seventy-five dollars (\$75) for each of the one hundred thirty-first to the three hundredth units, inclusive.

SEC. 13. Section 7037.1 is added to said code, to read:

7037.1. For each high school district which maintained two or more high schools, he shall compute for the district an amount which shall be determined by allowing for each day high school having an average daily attendance of less than 301 the amount of which would otherwise be computed for the district under Section 7037 except that with respect to any such high school maintaining less than four years the amount computed for such high school shall be an amount determined by multiplying the number of units of average daily attendance of such high school by two hundred ten dollars (\$210) or the following percentage of the amount computed under Section 7037.2, whichever amount is the larger:

- (a) Fifty-five percent if the high school maintains but one year,
- (b) Sixty-five percent if the high school maintains but two years, or
- (c) Eighty percent if the high school maintains but three years.

No computation shall be made under this section for any high school established after July 1, 1952, without the approval of the Superintendent of Public Instruction.

SEC. 14. Section 7037.2 is added to said code, to read:

7037.2. For each high school district he shall multiply the number of units of average daily attendance, exclusive of the average daily attendance of a day high school having an average daily attendance of 301 or more by two hundred ten dollars (\$210).

SEC. 15. Section 7037.3 is added to said code, to read:

7037.3. The amount by which the foundation program computed under Section 7037 or Section 7037.1 for a high school district exceeds the foundation program which would have been computed for such district by multiplying the number of units of average daily attendance of such district by two hundred ten dollars (\$210) shall, beginning with the Fiscal Year 1954-1955, be reduced by an amount equal to 20 percent of the amount of such excess and for each of the four succeeding fiscal years by an additional 20 percent except as to any high school district in which any one or more of the following conditions obtain:

(a) If as many as five pupils residing in the district and attending grades 9 to 12, inclusive, would be required to travel more than 30 miles one way from a point on a well-traveled road nearest their home to the nearest other public high school, or

(b) If as many as 10 pupils residing in the district and attending grades 9 to 12, inclusive, would be required to travel more than 20 miles one way from a point on a well-traveled road nearest their home to the nearest other public high school, or

(c) If as many as 40 pupils residing in the district and attending grades 9 to 12, inclusive, would be required to travel more than 15 miles one way from a point on a well traveled road nearest their home to the nearest other public high school.

If topographical or other conditions exist in a district which would impose unusual hardships if the number of miles specified was required to be traveled or if during the fiscal year the roads which would be traveled have been impassable for more than an average of two weeks per year for the preceding five years, the governing board of the district may, on or before April 1st, request the Superintendent of Public Instruction, in writing, for an exemption from such requirements or for a reduction in the miles required. The request shall be accompanied by a statement of the conditions upon which such request is based, giving such information in such form as the Superintendent of Public Instruction may require. The Superintendent of Public Instruction shall cause an investigation to be made, and he shall either grant such request to the extent deemed necessary by him or deny the request.

SEC. 16. Section 7038 of said code is amended to read:

7038. For each junior college district he shall multiply the number of units of average daily attendance in grades 13 and 14 computed for the district under Sections [6951, 6953, and 6961] 6961, 6963, and 6971, subject to the provisions of Section 7149, by two hundred ten dollars (\$210).

SEC. 17. Section 7041 of said code is amended to read:

7041. For the purposes of this article, the Superintendent of Public Instruction shall allow, in addition to all other allowances, to the county school service fund:

(a) Two thousand four hundred dollars (\$2,400), for supervision of instruction, to the county school service fund of each county for the first three hundred or major fraction of three hundred units of average daily attendance in the aggregate in all the elementary districts of the county, including union and joint union elementary school districts, having less than three hundred units of average daily attendance during the preceding fiscal year and in the emergency schools maintained within the elementary school districts of the county by the county superintendent of schools during the preceding fiscal year. Two thousand four hundred dollars (\$2,400) for supervision of instruction shall be allowed to the fund for the next three hundred or any fraction of three hundred units of average daily attendance, and two thousand four hundred dollars (\$2,400) shall be allowed to the fund for each succeeding three hundred or major fraction of three hundred units of average daily attendance.

(b) Two thousand four hundred dollars (\$2,400), for supervision of instruction, to the county school service fund of the county for each five hundred or major fraction of five hundred units of average daily attendance in the aggregate in all the elementary school districts of the county, including union and joint union elementary school districts having an average daily attendance of three hundred or more but less than nine hundred units of average daily attendance during the preceding fiscal year.

(c) (a) For all emergency schools maintained in each elementary school district of the county by the county superintendent of schools during the preceding fiscal year, the same amount as he would compute as the foundation program of an elementary school district under Article 4 of this chapter.

[(d)] (b) Two hundred ten dollars (\$210) [One hundred eighty-five dollars (\$185)] for each unit of average daily attendance of physically handicapped pupils of secondary grade educated by the county superintendent of schools during the preceding fiscal year.

SEC. 18. Article 5.5 is added to Chapter 15 of Division 3 of said code, to read :

Article 5.5. Computation of Aid to County School Tuition Funds

7046. The Superintendent of Public Instruction shall allow to each county school tuition fund ninety dollars (\$90) for each unit of average daily attendance of pupils residing in the county and attending school in an adjoining state during the preceding fiscal year.

SEC. 19. Section 7067 of said code is amended to read :

7067. He shall allow to each high school district ninety dollars (\$90) for each unit of average daily attendance in the district during the preceding fiscal year as computed under Sections 6943, [6952, and 6961] *6962, and 6971*, subject to the provisions of Section 7148.

SEC. 20. Section 7075 of said code is amended to read :

7075. He shall allow to each junior college district ninety dollars (\$90) for each unit of average daily attendance in grades 13 and 14 subject to the provisions of Section 7149 during the preceding fiscal year, to the district as computed for the district under Sections [6954 and 6961] *6963 and 6971*.

SEC. 20.1. Section 7081 of said code is amended to read :

7081. The Superintendent of Public Instruction shall then compute for each district described herein the amount which a tax levied on each one hundred dollars (\$100) of 90 percent of the assessed valuation in such district as shown by the equalized assessment roll of the district for the preceding year would produce if levied, if such tax was :

(a) Forty-five cents (\$0.45) in an elementary school district.

(b) [Thirty-two cents (\$0.32)] *Forty cents (\$0.40)* in a high school district.

(c) Twenty-two cents (\$0.22) in a junior college district.

SEC. 21. Section 7112 of said code is amended to read :

7112. If the total amount allowed from the State School Fund to all high school districts and to all county school service funds under Articles 5, 7 and 10 of this chapter on account of the average daily attendance of pupils in high school districts and in schools or classes of high school grade maintained by county superintendents of schools is less than the total amount provided in the State School Fund on account of such average daily attendance *plus seven hundred thousand dollars (\$700,000)*, minus an amount equal to the amounts allowed under Sections 7001 and 7011 on account of such average daily attendance plus one-fourth of the amount allowed under Section 7003, the balance shall be allowed by the Superintendent of Public Instruction to high school districts receiving State Equalization Aid during the then current fiscal year. The amount allowed each such district shall be in the ratio that the amount of the balance bears to the total amount computed as equalization aid for all high school districts, multiplied by the amount of equalization aid computed for the district.

SEC. 21.1. Section 7115 of said code is amended to read :

7115. If the total amount allowed from the State School Fund to all high school districts and to all county school service funds under Articles 5, 7 and 10 of this chapter on account of the average daily attendance of pupils in high school districts and in schools or classes of high school grade maintained by county superintendents of schools is larger than the total amount provided in the State School Fund on account of such average daily attendance *plus seven hundred thousand dollars (\$700,000)*, minus an amount equal to the amounts allowed under Sections 7001 and 7011, on account of such average daily attendance plus one-fourth of the amount allowed under Section 7003, the amount allowed each such district as State Equalization Aid from the State School Fund shall be reduced in the ratio that the amount of the deficit bears to the total amount of equalization aid computed for all high school districts multiplied by the amount of equalization aid computed for the district.

SEC. 22. Section 7092 of said code is amended to read :

7092. The Superintendent of Public Instruction shall then compare the total of the amounts allowed to, and computed for, each high school district pursuant to Articles 7 and 9 of this chapter with the amount of the foundation program of school support computed for each such district pursuant to Article 4 of this chapter.

If the total amount allowed to, and computed for, any high school district pursuant to Articles 7 and 9 of this chapter is less than the amount of the foundation program of school support computed for such district pursuant to Article 4 of this chapter, he shall add to the amount allowed to, and computed for, such district pursuant to Articles 7 and 9 of this chapter such additional amount, to be known as state equalization aid, as may be necessary to equal that computed for such district pursuant to Article 4 of this chapter.

Notwithstanding anything in this article to the contrary, the amount computed for any high school district under this article shall be not less than it would have been had the foundation program of school support for such district under Article 4 of this chapter been computed by multiplying the number of units of average daily attendance in the district during the preceding fiscal year as computed under Sections 6943, [6952, and 6961] *6962, and 6971* by two hundred [ten dollars (\$210)] *sixty dollars (\$260)* and had the tax used in making the computation for the district under Article 9 of this chapter been [fifty cents (\$0.50)] *seventy-five cents (\$0.75)*.

SEC. 23. Section 7094 is added to said code, to read:

7094. No state equalization aid shall be allowed to any high school district under this article during the Fiscal Year 1951-1952 unless, during the preceding fiscal year, there shall have been levied a tax for such district in an amount equal to thirty-two cents (\$0.32) or more on 90 percent of each one hundred dollars (\$100) of the assessed valuation in such district as shown by the equalized assessment roll of the district for the next preceding year and no high school district which has met the requirements of this section and is otherwise entitled to state equalization aid shall be denied such aid.

SEC. 24. Section 7096 is added to said code, to read:

7096. Notwithstanding anything in this chapter to the contrary, if under Section 6907 average daily attendance of an original district is credited to an acquiring district, the amounts allowed by the Superintendent of Public Instruction as state equalization aid to the original school district and to the acquiring school district during the first fiscal year in which an apportionment is made to the acquiring school district on account of such average daily attendance, shall be the amounts computed under this section. The Superintendent of Public Instruction shall divide the total amount of state equalization aid which would have been apportioned to the original school district during said fiscal year had this section not been in effect by the units of average daily attendance of the original school district for the preceding fiscal year prior to the crediting of any of such average daily attendance to the acquiring school district. He shall allow to the original school district as state equalization aid the amount computed by multiplying the resulting quotient by the units of average daily attendance of the district for the preceding fiscal year less the units credited to the acquiring school district. He shall allow the acquiring school district as state equalization aid the amount computed by multiplying the same quotient by the units of average daily attendance credited to the district under this section.

SEC. 25. Article 11.6 is added to Chapter 15 of Division 3 of said code, to read:

Article 11.6. Apportionment for Growth

7109. The Superintendent of Public Instruction shall apportion to each school district, in addition to all other apportionments made under this division, the sums allowed as herein provided.

7109.1. The governing board of each school district shall report to the Superintendent of Public Instruction during each fiscal year, as herein provided, the average daily attendance in the regular day schools of the district for all full school months in the fiscal year during (1) the period between July 1st and December 31st, inclusive, hereinafter referred to as the "first period," (2) the period between the end of the last full school month of the first period and May 31st, inclusive, hereinafter referred to as the "second period," and (3) for each of the same periods during the preceding fiscal year. Such report with respect to the first period shall be filed with the Superintendent of Public Instruction on or before the next succeeding January 15th and with respect to the second period shall be filed with the Superintendent of Public Instruction not later than the next succeeding June 10th. Each report shall be made in such form as shall be prescribed and furnished by the Superintendent of Public Instruction.

7109.2. The Superintendent of Public Instruction shall allow, for each period referred to above, to each school district which was in existence for all purposes during the preceding fiscal year an amount which shall be computed as follows:

The average daily attendance in the regular day schools of the district during the period in the then current fiscal year and for the same period in the preceding fiscal year shall be computed in the manner prescribed in Chapter 14 of this division, except that in each case the divisor used shall bear the same ratio to the divisor required to be used under said Chapter 14 to determine the average daily attendance of the regular day schools of the district for the whole of the preceding fiscal year as the number of days the regular day schools of the district were maintained during the period bears to 175 and except that the computation of a day of attendance shall be determined according to the law in effect during said preceding fiscal year.

The Superintendent of Public Instruction shall apportion to each school district for each unit by which the average daily attendance for a period of the then current fiscal year exceeds that of the average daily attendance for the same period during the preceding fiscal year, an amount determined by dividing the total of the amounts allowed the district during the preceding fiscal year as basic state aid and state equalization aid, exclusive of amounts allowed under Section 7117, by the total average daily attendance of the district during the preceding fiscal year multiplied by the ratio of days the regular day schools of the district were maintained during said period of the then current fiscal year to 175.

7109.3. The Superintendent of Public Instruction shall allow, for each period referred to above, to each school district which was not in existence for all purposes during the preceding fiscal year an amount which shall be computed as follows:

The average daily attendance in the regular day schools of the district during the period in the then current fiscal year shall be computed in the manner prescribed in Chapter 14 of this division, except that the divisor used shall bear the same ratio which would have been required to be used under said Chapter 14 to determine the average daily attendance of the regular day schools of the district for the whole of the preceding

fiscal year had such district been in existence for all purposes during the preceding fiscal year, as the number of days the regular day schools of the district were maintained during the period bears to 175 and except that the computation of a day of attendance shall be determined according to the law in effect during the preceding fiscal year.

The Superintendent of Public Instruction shall allow to each such district for each unit of average daily attendance so computed an amount determined by dividing the total of the amounts of basic state aid and state equalization aid which would have been apportioned to such district during the current fiscal year on account of such average daily attendance had such district been in existence for all purposes during the preceding fiscal year, multiplied by the ratio of days the regular day schools of the district were maintained to said period of the then current fiscal year to 175.

In making any computation under Section 7081 for the purposes of this section, the assessed valuation of the district for the current year shall be used. Section 7095 is not applicable to districts coming within this section.

7109.4. For the purposes of this article all of the elementary school districts included in any union elementary school district, joint union elementary school district, or unified school district shall constitute a single elementary school district regardless of Section 7184, all of the high school districts included in any unified school district shall constitute a single high school district, and all of the junior college districts included in any unified school district shall constitute a single junior college district.

7109.5. The apportionment made on account of the first period shall be made not later than the next succeeding February 15th; the apportionment made on account of the second period shall be made not later than the next succeeding June 30th.

7109.6. The Superintendent of Public Instruction shall furnish an abstract of the apportionments made under this article to the State Controller, the Department of Finance, and to the county and city and county auditors, county and city and county treasurers, and county superintendents of schools of the several counties of the State having jurisdiction over the districts to which such apportionments are made.

7109.7. The Superintendent of Public Instruction shall certify each apportionment made by him under this article to the State Controller who shall draw his warrant during the fiscal year on the State School Fund in favor of the treasurer of the county having jurisdiction over the district for the amount of such apportionment.

7109.8. All money received by the treasurer of any county from an apportionment made under this article shall be immediately credited by the treasurer to the general fund of the district exactly as apportioned by the Superintendent of Public Instruction.

SEC. 26. The heading of Article 12 of Chapter 15 of Division 3 of said code is amended to read:

Article 12. [Computation and Apportionment of State Equalization Balance]

Re-computation of Allowances

SEC. 27. Section 7117 is added to said code, to read:

7117. In addition to any and all other amounts allowed under this chapter, the Superintendent of Public Instruction shall allow to:

(a) Each elementary and high school district an amount equal to ten percent of the state equalization aid computed for the district.

(b) For each unit of average daily attendance in the district during the preceding fiscal year an amount equal to the quotient derived by dividing one million eight hundred thousand dollars (\$1,800,000) by the total average daily attendance in all school districts during the preceding fiscal year, or one dollar (\$1), whichever is the lesser.

SEC. 27. Section 7125 of said code is amended to read:

7125. The Superintendent of Public Instruction shall apportion to the county high school tuition fund of each county the amount required to be allowed thereto by Section [7011] 70½.

SEC. 28. Article 1 is added to Chapter 16 of Division 3 of said code, to read:

Article 1. County School Service Fund

7201. There is hereby established in the treasury of each county the "county school service fund."

7202. Wherever any of the terms "unapportioned county elementary school fund," "county elementary school supervision fund," or "unapportioned county high school fund" are used in this code or in any other law, said term shall be deemed to refer to and mean the "county school service fund" established by this chapter.

7203. During July or August of each year the county superintendent of schools shall transfer to the county school service fund 80 percent of any excessive balance or unnecessary surplus in any school fund of any elementary school district. Funds raised by school district taxes shall not be transferred.

7204. The county auditor of any county, receiving money from the Government of the United States pursuant to any act of Congress providing for the distribution and payment to states and territories of a fixed and definite percentage of the money received by the Government of the United States from the forest reserves established therein, shall apportion 50 percent of the money received to the credit of the county school service fund of the county.

The money thus added to the county school service fund shall be apportioned by the county superintendent of schools in the same manner as other county school service fund money, except that all or any portion of the money thus apportioned to the credit of the county school service fund shall upon the request of the county superintendent of schools be transferred to the forest reserve school fund, which shall be used by the county superintendent of schools for the benefit of school districts of the county lying within or adjacent to the United States Forest Reserve. The fund is available for any purpose for which county funds may be spent.

7205. The county school service fund shall be employed by the county superintendent of schools to pay such charges against the fund as are provided in this code; and to provide with the approval of the county board of education (a) additional apportionments to any school district under his jurisdiction for current expenses which (1) has levied the maximum district tax specified in Section 6357 and in which the annual average current cost per pupil does not exceed the annual average current cost per pupil for all districts of the same type within the county or under the jurisdiction of the county superintendent of schools, or (2) which needs additional apportionments for current expenses because of temporary emergency conditions, and (b) additional apportionments to any school district under his jurisdiction for the transportation of pupils to and from school to meet temporary emergency conditions.

7206. The county superintendent of schools may:

(a) With the approval of the county board of education provide advisory services in school business administration, in maintenance of school buildings and grounds, and in the processing of special problems concerning credentials as designated by the State Department of Education.

(b) Pay actual and necessary travel expenses incurred, in connection with curricular and special services, by the county superintendent of schools, or by his designated staff members in accordance with regulations established by the Superintendent of Public Instruction.

The costs incurred under this section shall be paid out of the county school service fund.

7207. The county superintendent of schools shall, except as otherwise provided by this code, expend from the county school service fund all amounts apportioned to said fund for supervision of instruction, exclusively for the payment of the salaries and necessary expenses of supervisors to supervise instruction in the elementary school districts of the county having less than 900 units of average daily attendance during the next preceding fiscal year, and in any other elementary school districts of the county the governing board of which requests him to supervise instruction in the schools of such district, and for the furnishing of such clerical help, supplies, and equipment to the supervisors as the county superintendent of schools deems necessary. In the event of the inability of the county superintendent of schools to use such amounts advantageously during any fiscal year, the unexpended portion of such amounts may be used for other purposes of the county school service fund.

7208. No moneys shall be expended from the county school service fund for any purpose in excess of the total proposed expenditures for such purpose as approved by the Superintendent of Public Instruction under Section 7001, without the approval of the Superintendent of Public Instruction.

SEC. 30. It is the intent of the Legislature in enacting this act to continue in effect Chapters 2, 12, 13, 14, 15, and 16 of Division 3, and Sections 8761, 8704, and 9045, of the Education Code as the same are now in effect except as said chapters or any article or articles, section or sections included therein, or the sections named herein, may be amended, added, repealed, added to, or otherwise affected by this act or any other act enacted by the 1951 Regular Session of the Legislature.

SEC. 31. This act shall remain in effect until July 1, 1953.

SEC. 32. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect, to become operative July 1, 1951. A statement of the facts constituting such necessity is as follows:

The existing law providing for the apportionment of the State School Fund for the support of the public kindergarten schools, elementary schools, and secondary schools will, because of Section 10 of Chapter 74, Statutes 1950 First Extraordinary Session, remain in effect only until July 1, 1951. It is essential that provision be made for the support of such schools beginning July 1, 1951, and it is therefore necessary that this act take effect immediately."

Amendment No. 2

On page 1 of said bill, as amended, strike out line 1, and insert

"SECTION 1. An act entitled "An act to repeal Section 10 of an act entitled 'An act to repeal Chapters 2, 3, 4, 12, 13, 13.5, 13.6, 14, 15, 15.5, 16, and 16.5 of the Education Code; to add Chapters 2, 12, 13, 14, 15, and 16 to said code; to amend Section 8761 of said code; and to add Section 8704 to said code, all relating to the Public School System, declaring the urgency thereof, to take effect immediately,' approved May 28, 1947 (Chapter 401, Statutes of 1947), to provide for the continuance in effect of an act entitled 'An act to amend Section 10 of an act entitled "An act to repeal Chapters 2, 3, 4, 12, 13, 13.5, 13.6, 14, 15, 15.5, 16, and 16.5 of the Education Code; to add Chapters 2, 12, 13, 14, 15, and 16 to said code; to amend Section 8761 of said code; and to add Section 8704 to said code, all relating to the Public School System, declaring the urgency thereof, to take effect immediately," approved May 28, 1947 (Chapter 401, Statutes of 1947); to repeal Sections 6713, 7039, 7052, 7064, 7068, 7117, 7126, 7128, and 7147 of the Education Code; to repeal Article 4 of Chapter 13, and Article 6 of Chapter 14, of Division 3 of said code; to add Article 4 to Chapter 13, Article 6 to Chapter 14, and Articles 1 and 13.5 to Chapter 15, of Division 3 of said code; to add Sections 5157, 7126, 7132, and 7151 to said code; to amend the headings of Articles 1 and 13 of Chapter 15 of Division 3 of said code; and to amend Sections 5152, 5153, 5156, 6703, 6714, 6812, 7002, 7012, 7023, 7032, 7033, 7034, 7035, 7036, 7037, 7038, 7041, 7061, 7062, 7063, 7067, 7081, 7091, 7092, 7094, 7095, 7101, 7103, 7111, 7112, 7113, 7114, 7115, 7116, 7121, 7122, 7124, 7130, 7146, 7146.1, 7148, 7149, 7150, 7208, 7231, and 9645 of said code, all relating to the Public School System, declaring the urgency thereof, to take effect immediately,' approved July 20, 1949 (Chapter 1017, Statutes of 1949), except Section 1 thereof; to repeal Sections 6714 and 7094 of the Education Code; to add Sections 5153.3 and 6904 to said code; and to amend Sections 7091, 7092, 7095, 7113, 7116, and 6951 of said code, to repeal Articles 2 and 3 of Chapter 15, Division 3 of said code and to add Articles 2 and 11.6 to Chapter 15, Division 3 of said code all relating to the Public School System," approved May 5, 1950 (Chapter 74, Statutes 1950, First Extraordinary Session) and

the several chapters, articles, and sections of the Education Code continued in effect by said act shall remain in effect as otherwise provided in this act or by any other act enacted by the 1951 Regular Session of the Legislature.

Sec. 1.5. This act may be cited as "The State School Fund Apportionment Act of 1951."

Sec. 2. Sections 2.5, 10, 12, and 13 of the act cited in Section 1 of this act are repealed.

Sec. 3. Sections 5153.3 and 7062 of the Education Code are repealed.

Sec. 4. Articles 2, 3 and 11.6 of Chapter 15, and Article 1 of Chapter 16, of Division 3 of said code are repealed.

Sec. 5. Section 5153.3 is added to said code, to read:

5153.3. In addition there shall be provided:

(a) The amount apportioned by the Superintendent of Public Instruction under Article 11.6 of Chapter 15 of this division.

(b) Such of the amount allowed by the Superintendent of Public Instruction under Article 2 of Chapter 15 of this division as is in excess of the amount computed by multiplying the total average daily attendance in all schools and classes maintained by county superintendents of schools and by the elementary school districts, high school districts, and junior college districts of the State during the preceding fiscal year by two dollars (\$2).

(c) The total of the amount allowed school districts by the Superintendent of Public Instruction under subdivision (a) of Section 7117.

(d) Seven hundred thousand dollars (\$700,000) for apportionment to high school districts.

(e) One million eight hundred thousand dollars (\$1,800,000) for apportionment to school districts pursuant to subdivision (b) of Section 7117.

Sec. 5.1. Section 5009 is added to said code, to read:

5009. The Department of Finance shall audit the books and accounts of school districts. In lieu of auditing the books and accounts of each school district, the Department of Finance may conduct such audits as it deems sufficient to determine the validity of the allocation of state funds for school purposes and to establish proper accountability and at such times as, in the judgment of the Department of Finance, will serve the best interests of the State, or the Department of Finance may accept a grand jury audit if the report covering such audit contains such statements and information as may be prescribed by the Department of Finance.

The Department of Finance shall render to the State Controller a report of all such audits, showing therein the findings, and the Controller shall make the necessary adjustments in future apportionments to the several school districts wherein such audits show that the same are necessary to correct any deficiencies or overages in the apportionment of state funds.

Nothing in this section shall be construed as authorizing the Department of Finance to examine into or report on the curriculum used or provided for in any school district.

Sec. 5.2. Section 5158 is added to said code, to read:

5158. The Department of Finance shall audit the books and accounts of school districts. In lieu of auditing the books and accounts of each school district, the Department of Finance may conduct such audits as it deems sufficient to determine the validity of the allocation of state funds for school purposes and to establish proper accountability and at such times as, in the judgment of the Department of Finance, will serve the best interests of the State, or the Department of Finance may accept a grand jury audit if the report covering such audit contains such statements and information as may be prescribed by the Department of Finance.

The Department of Finance shall render to the State Controller a report of all such audits, showing therein the findings, and the Controller shall make the necessary adjustments in future apportionments to the several school districts wherein such audits show that the same are necessary to correct any deficiencies or overages in the apportionment of state funds.

Nothing in this section shall be construed as authorizing the Department of Finance to examine into or report on the curriculum used or provided for in any school district.

Sec. 6. Section 6906 is repealed effective July 1, 1952.

Sec. 7. Section 6907 is added to said code, to read:

6907. If the average daily attendance of pupils residing in territory of a district, hereinafter referred to as the "original district", in the regular day schools of such original district during the fiscal year immediately preceding the effective date of the inclusion of such territory for all purposes in another district of the same type, hereinafter referred to as the "acquiring district", under or pursuant to any provision of law, exceeds 25 units, such average daily attendance shall, for all the purposes of this division, be deemed to have been average daily attendance in the regular day schools of the acquiring district and not average daily attendance in the regular day schools of the original district, except that if the acquiring district was not in existence for all purposes during said preceding fiscal year, such average daily attendance shall be deemed to have been average daily attendance in the regular day schools of the acquiring district during said preceding fiscal year.

The average daily attendance of pupils in the regular day junior colleges of a high school district during the fiscal year immediately preceding the effective date of the inclusion of such high school district in a junior college district shall, for all the purposes of this division, be deemed to be average daily attendance in regular day junior colleges of the junior college district during said preceding fiscal year and not average daily attendance in the regular day junior colleges of the high school district during said preceding fiscal year.

For the purposes of this section all elementary school districts are districts of the same type, all high school districts are districts of the same type, and all junior college districts are districts of the same type.

The inclusion of the whole or a portion of an elementary school district, high school district, or junior college district in a unified school district shall be deemed to be the inclusion of such elementary school district, high school district, or junior college district or portion thereof in the elementary school district, high school district, or junior college district, as the case may be, within the unified school district.

The Superintendent of Public Instruction shall, and is authorized so to do, adopt such rules and regulations as in his judgment are necessary to give effect to this section.

SEC. 8. Section 7001 of said code is amended to read:

7001. The Superintendent of Public Instruction shall during each fiscal year allow to the county school service fund of each county from the State School Fund such amount as the budget submitted by the county superintendent of schools and approved by the Superintendent of Public Instruction, under Section 7002, shows is necessary, but the total amount allowed by the Superintendent of Public Instruction under this section to all county school service funds for supervision of instruction in all grades and classes of elementary school districts shall not exceed a sum determined by multiplying the total average daily attendance credited to all elementary school districts in the State during the preceding school year by one dollar and thirty cents (\$1.30) and for all other purposes shall not exceed a sum determined by multiplying the total average daily attendance in all kindergarten, elementary, high school and junior college schools during the preceding fiscal year by three dollars (\$3).

SEC. 9. Article 2 is added to Chapter 15 of Division 3 of said code to read:

Article 2. Computation of Additional Allowances to School Districts and County School Service Funds for Transportation

7011. The Superintendent of Public Instruction shall not allow under this article during any fiscal year a total amount in excess of an amount computed by multiplying the total average daily attendance in the schools and classes maintained by county superintendents of schools and in the elementary school districts, high school districts, and junior college districts of the State during the preceding school year by three dollars (\$3).

7011.1. The Superintendent of Public Instruction shall allow to each school district and county school service fund such amount as is required by this article.

7012. (a) "Transportation" as used in this article means, unless the context otherwise requires:

(1) The transportation of pupils between their homes and the schools attended by them as provided by a school district.

(2) The payment of moneys by a school district to parents or guardians of pupils in lieu of providing for the transportation of such pupils between their homes and the schools attended by them.

(3) The providing of board and lodging to pupils by a school district in lieu of providing for the transportation of such pupils between their homes and the schools attended by them.

(b) "Pupils" as used in this article does not include pupils for whom the Superintendent of Public Instruction is computing the excess cost of educating physically handicapped pupils under Chapter 9 of Division 4 includes in such excess costs the cost of transportation of such pupils.

7013. The Superintendent of Public Instruction shall make all allowances under this article during a fiscal year in accordance with regulations, not in conflict with this article, adopted by him, and he is hereby authorized and directed to adopt such regulations. None of such regulations shall be binding upon any school district, but no allowance shall be made under this article to a school district for any item of current expense or capital outlay with respect to which the school district has failed to comply with the regulations of the Superintendent of Public Instruction applicable to such item.

The regulations adopted by the Superintendent of Public Instruction hereunder shall, among other matters:

(a) Prescribe the records to be kept by, and reports to be made by, school districts.

(b) Fix the minimum distances for the sole purpose of determining the total current expenses of a district for transportation.

(c) Determine what expenditures constitute "current expenses."

(d) Establish and prescribe formulae for the sole purpose of computing financial allowances under which school busses may be acquired in accordance with the provisions of Section 7017.

(e) Provide for the review and approval of all expenditures upon which allowances are computed.

(f) Establish and prescribe formulae for the sole purpose of computing financial allowances for reimbursement of replacement expenses incurred by a school district in replacing school busses.

7014. (a) He shall allow to each elementary school district, high school district, and junior college district, except as to any to which Section 7016 is applicable, which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the district for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars (\$100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than two cents (\$0.02) he shall allow to the district (a) 50 percent of the amount which would be produced by not more than eight cents (\$0.08) of the computed tax rate less two cents (\$0.02) and (b) 100 percent of the amount which would be produced by the computed tax rate in excess of eight cents (\$0.08).

(b) He shall allow to each high school district maintaining a junior college, except as to any to which Section 7016 is applicable, which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars (\$100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than three cents (\$0.03) he shall allow to the district (a) 50 percent of the amount which would be produced by not more than twelve cents (\$0.12) of the computed tax rate less three cents (\$0.03) and (b) 100 percent of the amount which would be produced by the computed tax rate in excess of twelve cents (\$0.12).

7015. (a) He shall allow to each unified school district formed under the provisions of Chapter 16 of Division 2 of this code, the formation of which became effective on July 1, 1948, or thereafter, an amount equal to the total current expenses of the district during the preceding fiscal year for the transportation of pupils, determined by the Superintendent of Public Instruction to have been required because of a change of the location of schoolhouses or the reorganization of attendance centers within the district during such preceding fiscal year. No allowance shall be made under this paragraph subsequent to the close of the fifth fiscal year following that in which the district was formed and thereafter the provisions of the next paragraph shall control as to such district.

He shall allow to each unified school district not maintaining a junior college which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

(b) He shall determine the total current expenses of the district for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars (\$100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than three cents (\$0.03) he shall allow to the district (a) 50 percent of the amount which would be produced by not more than twelve cents (\$0.12) of the computed tax rate less three cents (\$0.03) and (b) 100 percent of the amount which would be produced by the computed tax rate in excess of twelve cents (\$0.12).

(c) He shall allow to each unified school district maintaining a junior college which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the district for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars (\$100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents (\$0.04) he shall allow to the district (a) 50 percent of the amount which would be produced by not more than sixteen cents (\$0.16) of the computed tax rate less four cents (\$0.04) and (b) 100 percent of the amount which would be produced by the computed tax rate in excess of sixteen cents (\$0.16).

7016. He shall compute for each group of two or more school districts which have been continuously from a time prior to July 1, 1949, governed by boards of identical personnel during the preceding fiscal year and have maintained a single transportation system for all of such districts which provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year.

(a) He shall, if such group comprises an elementary school district and a high school district not maintaining a junior college and each district provided for the transportation of pupils, or comprises an elementary school district, a high school district, and a junior college district and each district except the junior college district provided for the transportation of pupils, or comprises a high school district and a junior college district and each district provided for the transportation of pupils, then determine what rate of tax levied on each one hundred dollars (\$100) of 90 percent of the assessed valuation of that one of such districts providing for the transportation of pupils which has the largest assessed valuation as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than three cents (\$0.03) he shall allow to the district (a) 50 percent of the amount which would be produced by not more than twelve cents (\$0.12) of the computed tax rate less three cents (\$0.03) and (b) 100 percent of the amount which would be produced by the computed tax rate in excess of twelve cents (\$0.12).

(b) He shall, if such group comprises an elementary school district, and a high school district maintaining a junior college, each of which provided for the transportation of pupils, including those attending the junior college, or comprises an elementary school district, a high school district, and a junior college district, each of which provided for the transportation of pupils, then determine what rate of tax levied on each one hundred dollars (\$100) of 90 percent of the assessed valuation of that one of such districts providing for the transportation of pupils which had the largest assessed valuation as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents (\$0.04) he shall allow to the district (a) 50 percent of the amount which would be produced by not more than sixteen cents (\$0.16) of the computed tax rate less four cents (\$0.04) and (b) 100 percent of the amount which would be produced by the computed tax rate in excess of sixteen cents (\$0.16).

He shall then allow to each district in the group the same ratio of the total amount computed for the group as the governing boards of the districts in the groups certify to him is the ratio the amount expended for such transportation in such district during the preceding fiscal year was of the total expenditures of all districts in the group for such transportation during the preceding fiscal year.

7017. In the case of a unified school district formed under Chapter 16 of Division 2 of this code, the formation of which became effective for all purposes on July 1, 1948, or thereafter, there shall be included in addition to the current costs of the district the cost of school busses for the first five fiscal years in which it purchases school busses determined by the Superintendent of Public Instruction to have been required because of changes in the location of schools or the reorganization of attendance centers within the district, the entire cost of such busses. This paragraph shall not be effective as to any unified school district after the end of the fifth fiscal year succeeding the formation of the district.

7018. The Superintendent of Public Instruction in approving, under this article, current expenditures of school districts for the transportation of pupils shall apply the same standards and bases for such approval to expenditures for such transportation provided by a school district in school busses owned and operated by the school district and expenditures for such transportation provided by contract with a private party except that with respect to expenditures for transportation by contract with a private party, he shall make due allowance for all expenditures by the private party required of it by law and not required of a school district in connection with the operation of busses owned by the district.

7019. In the event the total amount which may be allowed under Section 7011 for allowance under this article during any fiscal year is less than the total allowances computed under this article for such fiscal year without regard to Section 7011, the amounts allowed shall be reduced in the ratio that the amount of such deficit bears to the amounts allowed.

SEC. 10. Section 7031.1 is added to said code, to read:

7031.1. With respect to any unified school district which became effective for all purposes after July 1, 1950, the foundation program for such district as computed under this article shall be increased five dollars (\$5) for each unit of average daily attendance in each of the first five fiscal years of its existence for all purposes.

SEC. 11. Section 7037 of said code is repealed.

SEC. 12. Section 7037 is added to said code, to read:

7037. For each high school district which had an average daily attendance during the preceding fiscal year of less than 301, he shall compute, except as otherwise provided, ten thousand eighty dollars (\$10,080) for the first five units; five hundred

four dollars (\$504) for each of the sixth to sixty-second units, inclusive; three hundred thirty dollars (\$330) for the sixty-third unit; one hundred sixty-six dollars (\$166) for each of the sixty-fourth to one hundred thirtieth units, inclusive; and seventy-five dollars (\$75) for each of the one hundred thirty-first to the three hundredth units, inclusive.

SEC. 13. Section 7037.1 is added to said code, to read:

7037.1. For each high school district which maintained two or more high schools, he shall compute for the district an amount which shall be determined by allowing for each day high school having an average daily attendance of less than 301 the amount of which would otherwise be computed for the district under Section 7037 except that with respect to any such high school maintaining less than four years the amount computed for such high school shall be an amount determined by multiplying the number of units of average daily attendance of such high school by two hundred ten dollars (\$210) or the following percentage of the amount computed under Section 7037.2, whichever amount is the larger:

- (a) Fifty-five percent if the high school maintains but one year,
- (b) Sixty-five percent if the high school maintains but two years, or
- (c) Eighty percent if the high school maintains but three years.

No computation shall be made under this section for any high school established after July 1, 1952, without the approval of the Superintendent of Public Instruction.

SEC. 14. Section 7037.2 is added to said code, to read:

7037.2. For each high school district he shall multiply the number of units of average daily attendance, exclusive of the average daily attendance of a day high school having an average daily attendance of 301 or more by two hundred ten dollars (\$210).

SEC. 15. Section 7037.3 is added to said code, to read:

7037.3. The amount by which the foundation program computed under Section 7037 or Section 7037.1 for a high school district exceeds the foundation program which would have been computed for such district by multiplying the number of units of average daily attendance of such district by two hundred ten dollars (\$210) shall, beginning with the Fiscal Year 1954-1955, be reduced by an amount equal to 20 percent of the amount of such excess and for each of the four succeeding fiscal years by an additional 20 percent except as to any high school district in which any one or more of the following conditions obtain:

- (a) If as many as five pupils residing in the district and attending grades 9 to 12, inclusive, would be required to travel more than 30 miles one way from a point on a well-traveled road nearest their home to the nearest other public high school, or
- (b) If as many as 10 pupils residing in the district and attending grades 9 to 12, inclusive, would be required to travel more than 20 miles one way from a point on a well-traveled road nearest their home to the nearest other public high school, or
- (c) If as many as 40 pupils residing in the district and attending grades 9 to 12, inclusive, would be required to travel more than 15 miles one way from a point on a well-traveled road nearest their home to the nearest other public high school.

If topographical or other conditions exist in a district which would impose unusual hardships if the number of miles specified was required to be traveled or if during the fiscal year the roads which would be traveled have been impassable for more than an average of two weeks per year for the preceding five years, the governing board of the district may, on or before April 1st, request the Superintendent of Public Instruction, in writing, for an exemption from such requirements or for a reduction in the miles required. The request shall be accompanied by a statement of the conditions upon which such request is based, giving such information in such form as the Superintendent of Public Instruction may require. The Superintendent of Public Instruction shall cause an investigation to be made, and he shall either grant such request to the extent deemed necessary by him or deny the request.

SEC. 16. Section 7038 of said code is added to read:

7038. For each junior college district he shall multiply the number of units of average daily attendance in grades 13 and 14 computed for the district under Sections 6951, 6953, and 6961) 6961, 6963, and 6971, subject to the provisions of Section 7149, by two hundred ten dollars (\$210).

SEC. 17. Section 7041 of said code is amended to read:

7041. For the purposes of this article, the Superintendent of Public Instruction shall allow, in addition to all other allowances, to the county school service fund:

- [(a) Two thousand four hundred dollars (\$2,400), for supervision of instruction, to the county school service fund of each county for the first three hundred or major fraction of three hundred units of average daily attendance in the aggregate in all the elementary districts of the county, including union and joint union elementary school districts, having less than three hundred units of average daily attendance during the preceding fiscal year and in the emergency schools maintained within the elementary school districts of the county by the county superintendent of schools during the preceding fiscal year. Two thousand four hundred dollars (\$2,400) for supervision of instruction shall be allowed to the fund for the next three hundred or any fraction of three hundred units of average daily attendance, and two thousand four hundred dollars (\$2,400) shall be allowed to the fund for each succeeding three hundred or major fraction of three hundred units of average daily attendance.

(b) Two thousand four hundred dollars (\$2,400), for supervision of instruction, to the county school service fund of the county for each five hundred or major fraction of five hundred units of average daily attendance in the aggregate in all the elementary school districts of the county, including union and joint union elementary school districts having an average daily attendance of three hundred or more but less than nine hundred units of average daily attendance during the preceding fiscal year.

(c) (a) For all emergency schools maintained in each elementary school district of the county by the county superintendent of schools during the preceding fiscal year, the same amount as he would compute as the foundation program of an elementary school district under Article 4 of this chapter.

[(d)] (b) *Two hundred ten dollars (\$210)* [one hundred eighty-five dollars (\$185)] for each unit of average daily attendance of physically handicapped pupils of secondary grade educated by the county superintendent of schools during the preceding fiscal year.

SEC. 18. Article 5.5 is added to Chapter 15 of Division 3 of said code to read:

Article 5.5. Computation of Aid to County School Tuition Funds

7046. The Superintendent of Public Instruction shall allow to each county school tuition fund ninety dollars (\$90) for each unit of average daily attendance of pupils residing in the county and attending school in an adjoining state during the preceding fiscal year.

SEC. 19. Section 7067 of said code is amended to read:

7067. He shall allow to each high school district ninety dollars (\$90) for each unit of average daily attendance in the district during the preceding fiscal year as computed under Sections 6943, [6952, and 6961] *6962, and 6971*, subject to the provisions of Section 7148.

SEC. 20. Section 7075 of said code is amended to read:

7075. He shall allow to each junior college district ninety dollars (\$90) for each unit of average daily attendance in grades 13 and 14 subject to the provisions of Section 7149 during the preceding fiscal year, to the district as computed for the district under Sections [6954 and 6961] *6963 and 6971*.

SEC. 20.1. Section 7081 of said code is amended to read:

7081. The Superintendent of Public Instruction shall then compute for each district described herein the amount which a tax levied on each one hundred dollars (\$100) of 90 percent of the assessed valuation in such district as shown by the equalized assessment roll of the district for the preceding year would produce if levied, if such tax was:

(a) Forty-five cents (\$0.45) in an elementary school district.

(b) [Thirty-two cents (\$0.32)] *Forty cents (\$0.40)* in a high school district.

(c) Twenty-two cents (\$0.22) in a junior college district.

SEC. 21. Section 7112 of said code is amended to read:

7112. If the total amount allowed from the State School Fund to all high school districts and to all county school service funds under Articles 5, 7 and 10 of this chapter on account of the average daily attendance of pupils in high school districts and in schools or classes of high school grade maintained by county superintendents of schools is less than the total amount provided in the State School Fund on account of such average daily attendance *plus seven hundred thousand dollars (\$700,000)*, minus an amount equal to the amounts allowed under Sections 7001 and 7011 on account of such average daily attendance plus one-fourth of the amount allowed under Section 7003, the balance shall be allowed by the Superintendent of Public Instruction to high school districts receiving State Equalization Aid during the then current fiscal year. The amount allowed each such district shall be in the ratio that the amount of the balance bears to the total amount computed as equalization aid for all high school districts, multiplied by the amount of equalization aid computed for the district.

SEC. 21.1. Section 7115 of said code is amended to read:

7115. If the total amount allowed from the State School Fund to all high school districts and to all county school service funds under Articles 5, 7 and 10 of this chapter on account of the average daily attendance of pupils in high school districts and in schools or classes of high school grade maintained by county superintendents of schools is larger than the total amount provided in the State School Fund on account of such average daily attendance *plus seven hundred thousand dollars (\$700,000)*, minus an amount equal to the amounts allowed under Sections 7001 and 7011, on account of such average daily attendance plus one-fourth of the amount allowed under Section 7003, the amount allowed each such district as State Equalization Aid from the State School Fund shall be reduced in the ratio that the amount of the deficit bears to the total amount of equalization aid computed for all high school districts multiplied by the amount of equalization aid computed for the district.

SEC. 22. Section 7092 of said code is amended to read:

7092. The Superintendent of Public Instruction shall then compare the total of the amounts allowed to, and computed for, each high school district pursuant to Articles 7 and 9 of this chapter with the amount of the foundation program of school support computed for each such district pursuant to Article 4 of this chapter.

If the total amount allowed to, and computed for, any high school district pursuant to Articles 7 and 9 of this chapter is less than the amount of the foundation program of school support computed for such district pursuant to Article 4 of this chapter, he shall add to the amount allowed to, and computed for, such district pursuant to Articles 7 and 9 of this chapter such additional amount, to be known as state equalization aid, as may be necessary to equal that computed for such district pursuant to Article 4 of this chapter.

Notwithstanding anything in this article to the contrary, the amount computed for any high school district under this article shall be not less than it would have been had the foundation program of school support for such district under Article 4 of this chapter been computed by multiplying the number of units of average daily attendance in the district during the preceding fiscal year as computed under Sections 6943, 6952, and 6961 *6962, and 6971* by two hundred [ten dollars (\$210) *sixty dollars (\$260)*] and had the tax used in making the computation for the district under Article 9 of this chapter been [fifty cents (\$.50)] *seventy-five cents (\$.75)*.

SEC. 23. Section 7094 is added to said code, to read:

7094. No state equalization aid shall be allowed to any high school district under this article during the Fiscal Year 1951-1952 unless, during the preceding fiscal year, there shall have been levied a tax for such district in an amount equal to thirty-two cents (\$.32) or more on 90 percent of each one hundred dollars (\$100) of the assessed valuation in such district as shown by the equalized assessment roll of the district for the next preceding year and no high school district which has met the requirements of this section and is otherwise entitled to state equalization aid shall be denied such aid.

SEC. 24. Section 7096 is added to said code, to read:

7096. Notwithstanding anything in this chapter to the contrary, if under Section 6907 average daily attendance of an original district is credited to an acquiring district, the amounts allowed by the Superintendent of Public Instruction as state equalization aid to the original school district and to the acquiring school district during the first fiscal year in which an apportionment is made to the acquiring school district on account of such average daily attendance, shall be the amounts computed under this section. The Superintendent of Public Instruction shall divide the total amount of state equalization aid which would have been apportioned to the original school district during said fiscal year had this section not been in effect by the units of average daily attendance of the original school district for the preceding fiscal year prior to the crediting of any of such average daily attendance to the acquiring school district. He shall allow to the original school district as state equalization aid the amount computed by multiplying the resulting quotient by the units of average daily attendance of the district for the preceding fiscal year less the units credited to the acquiring school district. He shall allow the acquiring school district as state equalization aid the amount computed by multiplying the same quotient by the units of average daily attendance credited to the district under this section.

SEC. 25. Article 11.6 is added to Chapter 15 of Division 3 of said code, to read:

Article 11.6. Apportionment for Growth

7109. The Superintendent of Public Instruction shall apportion to each school district, in addition to all other apportionments made under this division, the sums allowed as herein provided.

7109.1. The governing board of each school district shall report to the Superintendent of Public Instruction during each fiscal year, as herein provided, the average daily attendance in the regular day schools of the district for all full school months in the fiscal year during (1) the period between July 1st and December 31st, inclusive, hereinafter referred to as the "first period," (2) the period between the end of the last full school month of the first period and May 31st, inclusive, hereinafter referred to as the "second period," and (3) for each of the same periods during the preceding fiscal year. Such report with respect to the first period shall be filed with the Superintendent of Public Instruction on or before the next succeeding January 15th and with respect to the second period shall be filed with the Superintendent of Public Instruction not later than the next succeeding June 10th. Each report shall be made in such form as shall be prescribed and furnished by the Superintendent of Public Instruction.

7109.2. The Superintendent of Public Instruction shall allow for each period referred to above, to each school district which was in existence for all purposes during the preceding fiscal year an amount which shall be computed as follows:

The average daily attendance in the regular day schools of the district during the period in the then current fiscal year and for the same period in the preceding fiscal year shall be computed in the manner prescribed in Chapter 14 of this division, except that in each case the divisor used shall bear the same ratio to the divisor required to be used under said Chapter 14 to determine the average daily attendance of the regular day schools of the district for the whole of the preceding fiscal year as the number of days the regular day schools of the district were maintained during the period bears to 175 and except that the computation of a day of attendance shall be determined according to the law in effect during said preceding fiscal year.

The Superintendent of Public Instruction shall apportion to each school district for each unit by which the average daily attendance for a period of the then current fiscal year exceeds that of the average daily attendance for the same period during the preceding fiscal year, an amount determined by dividing the total of the amounts allowed the district during the preceding fiscal year as basic state aid and state equalization aid, exclusive of amounts allowed under Section 7117, by the total average daily attendance of the district during the preceding fiscal year multiplied by the ratio of days the regular day schools of the district were maintained during said period of the then current fiscal year to 175.

7109.3. The Superintendent of Public Instruction shall allow, for each period referred to above, to each school district which was not in existence for all purposes during the preceding fiscal year an amount which shall be computed as follows:

The average daily attendance in the regular day schools of the district during the period in the then current fiscal year shall be computed in the manner prescribed in Chapter 14 of this division, except that the divisor used shall bear the same ratio which would have been required to be used under said Chapter 14 to determine the average daily attendance of the regular day schools of the district for the whole of the preceding fiscal year had such district been in existence for all purposes during the preceding fiscal year, as the number of days the regular day schools of the district were maintained during the period bears to 175 and except that the computation of a day of attendance shall be determined according to the law in effect during the preceding fiscal year.

The Superintendent of Public Instruction shall allow to each such district for each unit of average daily attendance so computed an amount determined by dividing the total of the amounts of basic state aid and state equalization aid which would have been apportioned to such district during the current fiscal year on account of such average daily attendance had such district been in existence for all purposes during the preceding fiscal year, multiplied by the ratio of days the regular day schools of the district were maintained to said period of the then current fiscal year to 175.

In making any computation under Section 7081 for the purposes of this section, the assessed valuation of the district for the current year shall be used. Section 7095 is not applicable to districts coming within this section.

7109.4. For the purposes of this article all of the elementary school districts included in any union elementary school district, joint union elementary school district, or unified school district shall constitute a single elementary school district regardless of Section 7184, all of the high school districts included in any unified school district shall constitute a single high school district, and all of the junior college districts included in any unified school district shall constitute a single junior college district.

7109.5. The apportionment made on account of the first period shall be made not later than the next succeeding February 15th; the apportionment made on account of the second period shall be made not later than the next succeeding June 30th.

7109.6. The Superintendent of Public Instruction shall furnish an abstract of the apportionments made under this article to the State Controller, the Department of Finance, and to the county and city and county auditors, county and city and county treasurers, and county superintendents of schools of the several counties of the State having jurisdiction over the districts to which such apportionments are made.

7109.7. The Superintendent of Public Instruction shall certify each apportionment made by him under this article to the State Controller who shall draw his warrant during the fiscal year on the State School Fund in favor of the treasurer of the county having jurisdiction over the district for the amount of such apportionment.

7109.8. All money received by the treasurer of any county from an apportionment made under this article shall be immediately credited by the treasurer to the general fund of the district exactly as apportioned by the Superintendent of Public Instruction.

SEC. 26. The heading of Article 12 of Chapter 15 of Division 3 of said code is amended to read:

Article 12. [Computation and Apportionment of State Equalization Balance]
Re-computation of Allowances

SEC. 27. Section 7117 is added to said code, to read:

7117. In addition to any and all other amounts allowed under this chapter, the Superintendent of Public Instruction shall allow to:

(a) Each elementary and high school district an amount equal to 10 percent of the state equalization aid computed for the district.

(b) For each unit of average daily attendance in the district during the preceding fiscal year an amount equal to the quotient derived by dividing one million eight hundred thousand dollars (\$1,800,000) by the total average daily attendance in all school districts during the preceding fiscal year, or one dollar (\$1), whichever is the lesser.

SEC. 27. Section 7125 of said code is amended to read:

7125. The Superintendent of Public Instruction shall apportion to the county high school tuition fund of each county the amount required to be allowed thereto by Section [7011] 7046.

SEC. 28. Article 1 is added to Chapter 16 of Division 3 of said code, to read:

Article 1. County School Service Fund

7201. There is hereby established in the treasury of each county the "county school service fund."

7202. Wherever any of the terms "unapportioned county elementary school fund," "county elementary school supervision fund," or "unapportioned county high school fund" are used in this code or in any other law, said term shall be deemed to refer to and mean the "county school service fund" established by this chapter.

7203. During July or August of each year the county superintendent of schools shall transfer to the county school service fund 80 percent of any excessive balance or unnecessary surplus in any school fund of any elementary school district. Funds raised by school district taxes shall not be transferred.

7204. The county auditor of any county, receiving money from the Government of the United States pursuant to any act of Congress providing for the distribution and payment to states and territories of a fixed and definite percentage of the money received by the Government of the United States from the forest reserve fund established therein, shall apportion 50 percent of the money received to the credit of the county school service fund of the county.

The money thus added to the county school service fund shall be apportioned by the county superintendent of schools in the same manner as other county school service fund money, except that all or any portion of the money thus apportioned to the credit of the county school service fund shall upon the request of the county superintendent of schools be transferred to the forest reserve school fund, which shall be used by the county superintendent of schools for the benefit of school districts of the county lying within or adjacent to the United States Forest Reserve. The fund is available for any purpose for which county funds may be spent.

7205. The county school service fund shall be employed by the county superintendent of schools to pay such charges against the fund as are provided in this code; and to provide with the approval of the county board of education (a) additional apportionments to any school district under his jurisdiction for current expenses which (1) has levied the maximum district tax specified in Section 6257 and in which the annual average current cost per pupil does not exceed the annual average current cost per pupil for all districts of the same type within the county or under the jurisdiction of the county superintendent of schools, or (2) which needs additional apportionments for current expenses because of temporary emergency conditions; and (b) additional apportionments to any school district under his jurisdiction for the transportation of pupils to and from school to meet temporary emergency conditions.

7206. The county superintendent of schools may:

(a) With the approval of the county board of education provide advisory services in school business administration, in maintenance of school buildings and grounds, and in the processing of special problems concerning credentials as designated by the State Department of Education.

(b) Pay actual and necessary travel expenses incurred, in connection with curricular and special services, by the county superintendent of schools, or by his designated staff members in accordance with regulations established by the Superintendent of Public Instruction.

The costs incurred under this section shall be paid out of the county school service fund.

7207. The county superintendent of schools shall, except as otherwise provided by this code, expend from the county school service fund all amounts apportioned to said fund for supervision of instruction, exclusively for the payment of the salaries and necessary expenses of supervisors to supervise instruction in the elementary school districts of the county having less than 900 units of average daily attendance during the next preceding fiscal year, and in any other elementary school districts of the county the governing board of which requests him to supervise instruction in the schools of such district, and for the furnishing of such clerical help, supplies, and equipment to the supervisors as the county superintendent of schools deems necessary. In the event of the inability of the county superintendent of schools to use such amounts advantageously during any fiscal year, the unexpended portion of such amounts may be used for other purposes of the county school service fund.

7208. No moneys shall be expended from the county school service fund for any purpose in excess of the total proposed expenditures for such purpose as approved by the Superintendent of Public Instruction under Section 7001, without the approval of the Superintendent of Public Instruction.

SEC. 30. It is the intent of the Legislature in enacting this act to continue in effect Chapters 2, 12, 13, 14, 15, and 16 of Division 3, and Sections 8761, 8764, and 9645, of the Education Code as the same are now in effect except as said chapters or any article or articles, section or sections included therein, or the sections named herein, may be amended, added, repealed, added to, or otherwise affected by this act or any other act enacted by the 1951 Regular Session of the Legislature.

SEC. 31. This act shall remain in effect until July 1, 1953.

SEC. 32. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate

effect, to become operative July 1, 1951. A statement of the facts constituting such necessity is as follows:

The existing law providing for the apportionment of the State School Fund for the support of the public kindergarten schools, elementary schools, and secondary schools will, because of Section 10 of Chapter 74, Statutes 1950 First Extraordinary Session, remain in effect only until July 1, 1951. It is essential that provision be made for the support of such schools beginning July 1, 1951, and it is therefore necessary that this act take effect immediately".

Amendment No. 3

On page 2 of said bill, as amended, strike out lines 2 to 24, inclusive; and strike out all of pages 3 to 12, inclusive.

Amendments read, and adopted.

Bill ordered printed, and to third reading.

REQUEST FOR UNANIMOUS CONSENT

Senator Desmond asked for, and was granted, unanimous consent to have the following letter of transmittal and report of the Interim Committee on Levee Maintenance printed in the Journal.

LETTER OF TRANSMITTAL

CALIFORNIA LEGISLATURE, SENATE
SACRAMENTO, CALIFORNIA, June 22, 1951

*Hon. Goodwin J. Knight, President
and Members of the Senate*

GENTLEMEN: Your Interim Committee on Levee Maintenance, created by Senate Resolution No. 167, presents herewith a report of its activities and the results of its investigation to date, together with its findings.

Respectfully submitted by,

EARL D. DESMOND, Chairman
NATHAN F. COOMBS
LUTHER E. GIBSON

REPORT OF INTERIM COMMITTEE ON
LEVEE MAINTENANCE

Pursuant to Senate Resolution 167 of the 1949 Regular Session, your Interim Committee on Levee Maintenance transmits herewith its report.

As a condition to the expenditure of federal funds for levee construction, the State of California has agreed to maintain and operate all levee units in a manner satisfactory to the Secretary of War. Pursuant to this requirement the State Reclamation Board was required to do certain work upon the levees of the Sacramento and San Joaquin

Rivers and their tributaries, which work includes the removal of trees from the levees.

Complaints were received by the chairman from land owners and businessmen along the Sacramento River that the removal of trees from the river levees resulted in the destruction of a great deal of the beauty of the levees and the rivers and that the removal of these trees would result in the erosion of the levees themselves, since the trees provided a substantial degree of levee protection against the river waters.

Other complaints were made that the removal of the trees from the levees destroyed the shade and mooring advantages for small boats whose owners and operators use the rivers for recreational purposes.

Because of these complaints your chairman suggested the organization of the Committee on Levee Maintenance and introduced Senate Resolution 167 so that these complaints might be investigated.

Your committee, during the Budget Session of 1950, discussed the foregoing complaints and also discussed the problems involved with the Reclamation Board and its secretary.

It was found after these discussions that the State Reclamation Board was required to maintain the levees of the Sacramento and San Joaquin Rivers and, that, pursuant to the legal requirement that these levee units be operated and maintained in a manner satisfactory to the Secretary of War; that for this reason little or no legislative relief could be given to the land owners, businessmen, and boat operators who complained concerning the removal of the trees from the levee banks.

Therefore, feeling at this time that no legislative action can be taken to prevent the removal of trees from the levee system under control of the Reclamation Board so that such levee system can be maintained in the condition required by the Secretary of War, your committee has no recommendations to make of legislation for the enactment on the subject considered by the committee.

No expenditures were made by the committee from the funds allotted to it and no expenses were incurred that would reduce or diminish the amount of money appropriated to the Interim Committee on Levee Maintenance.

Respectfully submitted,

EARL D. DESMOND, Chairman
NATHAN F. COOMBS
LUTHER E. GIBSON

Gentlemen:

I am writing in support of AB 3270 which is under consideration.

Some of this bill exceeds that it provides reasonable qualifications for persons of training and experience for practicing psychologists. The bill in question is an amended version of a measure which was prepared in consultation with local medical groups and proposed two years or so ago, and embodies the considered judgment of responsible members of the psychological profession.

The sentiment of psychology joins so unanimously in support of this bill and recommends it for your favorable consideration.

Dear Dr. Bugenthal:

After reviewing the contents of the proposed Assembly Bill No. 3270 to be presented in the 1951 session of the California Legislature, and the recommendations of our members with the proposals set forth in this bill. It is felt that this bill would erect and maintain a level of professional standards that are in the best interests of both the profession of psychology and the public.

Since it would not be possible for our group to send a representative when the bill is being heard, I would like to request that you express for us our support of this bill.

DEAR MR. STEWART:

For your information and guidance I am supplying the following information on the California State Psychological Association:

1. This organization was formed in 1948 to serve as a responsible group of trained and ethical psychologists to advance the profession of psychology and to protect the public from untrained and unethical "mind medicine".

2. It is affiliated with the American Psychological Association, organized in 1892 and incorporated in 1925. The California State Psychological Association is the only organization in this state so affiliated and is the only one eligible for such affiliation.

3. The membership of the California State Psychological Association includes practically all of the trained psychologists in private practice, but the large majority of its members are connected with the colleges and universities of this state.

4. The membership of the Southern California Psychological Association and that of the Los Angeles Society of Clinical Psychologists in Private Practice overlap that of the California State Psychological Association.

5. Dr. James F. T. Bugental of the University of California at Los Angeles has been designated to supply your committee with any further information you might require.

Sincerely yours,
Florence M. Auch

1. The first part of the paper discusses the importance of the role of the state in the development of the economy. It argues that the state should play a leading role in the development of the economy, particularly in the case of developing countries. The state should invest in infrastructure, education, and health care, and should provide a stable and predictable legal and regulatory environment for businesses to operate in. The state should also play a role in the distribution of income and wealth, and in the provision of social services. The paper argues that the state should not be a passive observer of the economic process, but should be an active participant in it. The state should be able to influence the direction of economic development, and to ensure that the benefits of growth are shared by all members of society. The paper also discusses the importance of the role of the private sector in the development of the economy. The private sector should be encouraged to invest in the economy, and to create jobs and wealth. The state should provide a supportive environment for the private sector, and should ensure that the private sector is able to operate in a competitive and efficient manner. The paper argues that the private sector should not be a passive observer of the economic process, but should be an active participant in it. The private sector should be able to influence the direction of economic development, and to ensure that the benefits of growth are shared by all members of society. The paper also discusses the importance of the role of the international community in the development of the economy. The international community should provide financial and technical assistance to developing countries, and should ensure that the benefits of globalization are shared by all members of society. The paper argues that the international community should not be a passive observer of the economic process, but should be an active participant in it. The international community should be able to influence the direction of economic development, and to ensure that the benefits of growth are shared by all members of society.

The Legislative Auditor
Sacramento, California

Dear Sir:

In behalf of the California State Federation of Teachers, I am writing to you regarding the proposed legislation, Assembly Bill No. 10, which would amend the State Personnel Code, Section 10200, to require the State Personnel Board to lobby in session in Fresno on February 10, 1951 to lobby before legislative committees on bills connected with schools.

In a similar action the Chairman of the State Legislative Committee, Ben Ruet, 781 Ventura Ave., Richmond, was also authorized to lobby in behalf of the Federation within the same field.

Neither individual shall receive compensation beyond legitimate expenses when duly approved.

Sincerely yours,

Mr. A. Alan Post, Legislative Auditor
California State Legislature
State Capitol
Sacramento, California

Dear Mr. Post:

I hereby register as a legislative representative to appear before the Senate and Assembly pursuant to the applicable provision of the Government Code.

I am an attorney at law, a member of the firm of Devlin, Diepenbrock & Walfr, which maintains its offices in the California State Life Building, Sacramento, California, and am retained by California Central Valleys Flood Control Association as its attorney.

The purposes of that Association, among other things, are to assist in the development of a flood control program in the Sacramento valley and to advise and cooperate with its members with respect to water rights and the use of water.

As retained counsel for the Association, I will appear on behalf of legislative representatives directly concerned with the purposes of the Association and will make semi-monthly reports with respect to the expenditures and such money as I may receive for such purposes as required by law. I have no expense account or fund provided and I do not believe that I will incur any expense on behalf of the Association which might arise out of my appearance

Dear Sir:

Hereto, heretofore registered with you pursuant to Section 6006 of the Government Code, I file this statement pursuant to the said sentence of that section.

During the month of April I received my monthly salary as Director of the Tax Department of the California State Board of Tax Appeals, Agriculture and Industry and BUSO thereof and as Director of the California State Board of Tax Appeals, Agriculture and Industry and BUSO thereof the type of work referred to in said section.

During the month I made the following expenditures in carrying on said work, for which I expect to be reimbursed in the course:

Miscellaneous expenditures, no one item of which exceeded \$25.00 - \$259.40

I am employed to support or oppose such legislation as to which the Board of Directors of the California Chamber of Commerce, Agriculture and Industry may, from time to time, take a public position.

STATE OF NEW YORK

STATE OF NEW YORK
IN SENATE
JANUARY 11, 1894.

FREDERICK M. JACKSON

There are a few things that I have learned from my experience in the past. First, I have learned that I must be true to myself and to my beliefs. Second, I have learned that I must be honest and open with others. Third, I have learned that I must be patient and persistent in my efforts. Fourth, I have learned that I must be flexible and adaptable to change. Fifth, I have learned that I must be kind and compassionate to others. Sixth, I have learned that I must be responsible and accountable for my actions. Seventh, I have learned that I must be brave and courageous in the face of adversity. Eighth, I have learned that I must be humble and modest in my achievements. Ninth, I have learned that I must be grateful and appreciative of the people and things that I have in my life. Tenth, I have learned that I must be optimistic and hopeful for the future. These are the things that I have learned from my experience in the past, and I hope that they will help me to live a more meaningful and successful life in the future.

§ 861

MAY 15 1931

This is to certify that my regular and only business is that of serving certain employers in connection with the problems of Unemployment Insurance insofar as it effects benefit-payments and shares to the said employers' unemployment insurance reserve fund. I have no other business and I have no other source of income in connection with the said business and I have no other source of income to such benefit.

Since 1929, I have come to Sacramento during the legislative period to serve the said employers and to receive the said benefit-payments for travel and hotel expenses and no other uses. In actual fact, the actual funds given me for expenses have never equaled my total outlay for personal expense and I have made the difference up from my own pocket.

In order to conform with the requirements under the present conditions, I hereby state my total income from all sources, fees and salaries, to be about \$7000 yearly before deducting office expenses and business expenses which are about \$2500 yearly. Therefore, my net income averages about \$4500 yearly including fees and expenses. Therefore, as I understand it, the \$7500 divided by \$65 days equals \$106.5 per calendar day. I do not anticipate spending of the season's day's expenses in Sacramento from now until the end of the season, my total expenses will be about \$2500. Therefore, considering it takes an average of \$50 for transportation averaging between train and plane and a detailed sworn statement of whatever my expenses will be will be furnished to the committee.

Actually the work I do is a labor of love in the belief that what I do or efforts I make are for the betterment of the State as a whole under present Unemployment Insurance Act and the efforts I make are solely confined to efforts in connection with this Act and I have no other business and I have no other source of income as advisor to those who actually appear before the committee. I want the right to appear before such committees and or to talk to such legislators whom I can in an effort to educate them as to just what the situation is and as I see it should be.

Dear Mr. Post:

The following is a schedule of my expenses during the month of May relative to legislative matters - - \$161.88.

The only other expenses which I had during the month were for hotel room and cabs, none of that expense exceeding \$25.00 at any one time.

I estimate that the allocation of my fee for the services rendered during attendance at committee hearings in Sacramento will be \$25.00.

Very truly yours,

Abstract: This paper discusses the role of the state in the development of the private sector in the context of the transition from a centrally planned to a market economy. It argues that the state should play a role in the development of the private sector, but that this role should be limited to the provision of a legal and institutional framework, and the provision of public goods. 1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters α and β . It is shown that the system of equations (1) has solutions for arbitrary values of the parameters α and β if and only if the condition $\alpha + \beta = 1$ is satisfied. The case $\alpha + \beta \neq 1$ is not considered in this paper.

1. The first part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $t \rightarrow \infty$. It is shown that the solutions of the system (1) are bounded and tend to zero as $t \rightarrow \infty$ if the matrix A is stable. The second part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as $t \rightarrow \infty$ if the matrix A is not stable. It is shown that the solutions of the system (1) are bounded and tend to zero as $t \rightarrow \infty$ if the matrix A is not stable and the matrix B is positive definite.

Traffic, transportation, telephone calls, etc., no single item which is in excess of \$20.00 and accordingly no itemization of which is enumerated;

As to the receipts and expenses above, in view of the fact that they were received by me not as a paid lobbyist but as a senator, Counsel for the Civil Rights League, and that the expenditures were made for the League, I am unable to determine the proper disposition of the same. I am, however, of the opinion that the expenditures in any way connected with the current session of the Legislature, should be paid out of the contingent fund.

$$(\partial_t + \nabla_{\vec{v}})f = -\frac{\partial f}{\partial t} - \sum_{j=1}^d v_j \frac{\partial f}{\partial x_j} = -\frac{\partial f}{\partial t} - \nabla_{\vec{v}} f$$

But even if I am still a long way from my goal

4. The number of people in the family is 4.

1. The first part of the paper is devoted to the study of the properties of the function $f(x)$ defined by the equation

[illegible]
$$\begin{aligned} \text{for } \forall i \in \mathcal{I} \quad \text{if } \text{is_leaf}(i) \text{ then } & \text{if } \text{is_root}(i) \text{ then } \text{root} \leftarrow i \\ & \text{else } \text{parent}[i] \leftarrow \text{find_parent}(i) \\ & \text{else } \text{if } \text{is_root}(i) \text{ then } \text{root} \leftarrow i \\ & \text{else } \text{parent}[i] \leftarrow \text{find_parent}(i) \end{aligned}$$

1. The first of these is the fact that the *Asplenium adnigrum* is a very common plant in the region of the Great Lakes, and is found in the same localities as the *Asplenium platyneuron*.

11. *Phragmites australis* (Cav.) Trin. ex Steud.

April 26, 1951

During the month of April, 1951, I received my salary as a regular employee of the California State Automobile Association, and to the best of my knowledge and belief, \$250 thereof represents compensation for activities covered under Section 740 of the Government Code. In addition, I incurred expenses in the amount of \$10.23, for which I have received reimbursement.

During April, 1951, I made the following expenditures for which I have been reimbursed; no one single item exceeds \$25.00:

Meals, travel, miscellaneous \$10.23

1. The first part of the paper is devoted to a general discussion of the problem of the existence of a solution of the system of equations (1) for arbitrary values of the parameters α and β . It is shown that the system has a solution for arbitrary values of the parameters α and β if and only if the condition $\alpha + \beta = 1$ is satisfied.

A letter will be sent to you by the end of the month.
None. I have been assured by some of the members of
the Harvey School Association, that some of my expenses will
be given to me, but as yet I have received no money.

Figure 1

Figure 1 shows a series of plots related to the analysis of the data. The top plot displays the distribution of the variable "Age" (in years) for the sample, showing a peak around 60-70 years. Below this, there are several smaller plots showing the distribution of other variables, including "Gender" (Male/Female), "Marital Status" (Single/Married/Divorced/Widowed), "Education Level" (High School/Graduate School/Postgraduate), "Income Level" (Low/Medium/High), and "Health Status" (Good/Bad). These plots provide a visual overview of the demographic and health characteristics of the study population.

NOTES OF THE

1. The first of these is the fact that the system is not a simple one, but a complex one, involving many different factors, and the second is the fact that the system is not a static one, but a dynamic one, involving many different factors.

Moreover, the District has adopted the position of treating these, however small, as "white" and "black" children, for the purpose of segregating them in the public schools, and the separation and discrimination of the children in institutions.

Moreover, the said law firm was drafted to yield jurisdiction in performance of the purpose for which they were employed, and said litigation was thus conducted as the law, the law making and the legislature of the State of California of 1905, and Edward J. Brady.

[illegible]

The first step in the process of the development of the modern world was the discovery of fire. This was followed by the invention of writing, which allowed man to record his thoughts and experiences. The next major step was the development of agriculture, which enabled man to produce food in large quantities. This led to the formation of societies and the beginning of civilization.

RESOLUTION NO. _____

RESOLVED, by the Sanitary Board of the Solvang Sanitary Dis-

WHEREAS, the District has engaged the services of the law firm of Kinsbridge, Wilson, Harfield & Wallace, 307 B Street, San Mateo, California, for the purpose of drafting necessary legislation to provide the community of Solvang with sewage disposal and other municipal services; and

WHEREAS, the said law firm has drafted necessary legislation in furtherance of the purpose for which they were employed, and said legislation will be introduced at the 1951 Regular Session of the Legislature of the State of California;

NO4, THENTONF. IT IS HEREBY RESOLVED that the law firm of Kinbridge, Wilson, Marsfield & Wallace is hereby authorized to take whatever action may be necessary, on behalf of the District, to obtain the adoption of the said legislation by both houses of the legislature, and to obtain the signature of Governor Warren thereto.

BE IT FURTHER RESOLVED, that the Secretary is hereby authorized and directed to file certified copies of this Resolution with the Clerks of the Assembly and with the Secretary of the Senate, as required by Section 9906 of the Government Code of the State of California.

I hereby certify that the foregoing resolution was duly and regularly adopted by the Sanitary Board of the Solvang Sanitary District at a meeting thereof held on the ____ day of _____, 1951, by the following vote:

1. The first part of the paper is devoted to the study of the properties of the function $f(x)$ defined by the equation $f(x) = \sum_{n=0}^{\infty} a_n x^n$, where a_n are the coefficients of the power series. The function $f(x)$ is shown to be analytic in the region $|x| < 1$ and to have a removable singularity at $x = 1$. The function $f(x)$ is also shown to be bounded in the region $|x| < 1$ and to have a limit as $x \rightarrow 1$.

**PROCEEDINGS UNDER CALL OF THE SENATE
CONSIDERATION OF DAILY FILE (RESUMED)
REPORT OF COMMITTEE ON CONFERENCE**

The following report of Committee on Conference was received and read:

SENATE CHAMBER, SACRAMENTO, June 22, 1951

MR. PRESIDENT: The Committee on Conference concerning:

Senate Bill No. 1633, as amended in Assembly May 28, 1951—An act to amend Sections 9403, 9405, 9406, 9407, 9408, [9410,] 9411, and 9412 of the Government Code, relating to witnesses before legislative committees;

consisting of the undersigned members, has met, and reports that it has agreed to recommend the following:

That the amendments of the Assembly be concurred in and that the bill be further amended as follows:

Amendment No. 1

In line 8 of the printed bill, as amended in Assembly May 28, 1951, after "9408," insert "9410,".

Amendment No. 2

On page 1 of said bill, as amended, strike out lines 12 to 18, inclusive, and insert "copy to the witness personally. The service must be made so as to allow the witness a reasonable time for preparation and travel to the place of attendance. Each House of the Legislature shall, by rule or resolution, prescribe the amount of the fee to which a witness shall be entitled. A witness may not demand pre-payment of such witness fee at the time the subpoena is served unless the distance he is required to travel be more than 100 miles from his place of residence to the place of the committee hearing or meeting specified in the subpoena, but may demand such fee upon his appearance before the committee at the time and place specified in the subpoena."

Amendment No. 3

On page 2, line 45, of said bill, as amended, after the comma, insert "or upon the date to which the hearing on the order to show cause be postponed or continued,".

Amendment No. 4

On page 3 of said bill, as amended, after line 3, insert

"SEC. 6. Section 9410 of the Government Code is amended to read:

9410. A person sworn and examined before the Senate or Assembly, or any committee, cannot be held to answer criminally or be subject to any penalty or forfeiture for any fact or act touching which he is required after asserting his constitutional privilege against self-incrimination with respect thereto to testify. Any statement or paper produced by such witness after asserting his constitutional privilege against self-incrimination with respect thereto, is not competent evidence in any criminal proceeding against the witness. The witness cannot refuse to testify to any fact or to produce any paper touching which he is examined for the reason that his testimony or the production of the paper may tend to incriminate him, or to disgrace him or render him infamous. Nothing in this section exempts any witness from prosecution and punishment for perjury committed by him on examination nor shall this section be construed to confer immunity upon any person with respect to testimony which it not protected under the constitutional provision against self-incrimination.

Unless this section is read to the witness immediately after such witness is sworn, the witness shall be deemed to have asserted his constitutional right against self-incrimination with respect to each question asked and each book, paper or document produced by him."

Amendment No. 5

On page 3, line 24, of said bill, as amended, strike out "6", and insert "7".

Amendment No. 6

On page 3, line 44, of said bill, as amended, strike out "7" and insert "8".

502. When Person Driving Under Influence of Liquor Guilty of Misdemeanor.

(a) It is unlawful for any person who is under the influence of intoxicating liquor to drive a vehicle upon any highway. Any person convicted under this section shall be punished upon a first conviction by imprisonment in the county jail for not less than thirty days nor more than six months or by fine of not less than fifty dollars (\$50) nor more than five hundred dollars (\$500) or by both such fine and imprisonment and upon a second or any subsequent conviction by imprisonment in the county jail for not less than ninety days nor more than one year or by a fine of not less than two hundred dollars (\$200) nor more than one thousand dollars (\$1,000) or by both such fine and imprisonment.

(b) Whenever any person is convicted of a violation of this section it is the duty of the judge [or justice], unless, under the provisions of Section 307, the court recommends that there be no license suspension, to require the surrender to him of any operator's or chauffeur's license of such person and to forward the same to the department with the abstract of conviction as provided in Section 744 hereof, and the department shall suspend the driving privilege of any person so convicted as provided in Section 307.

SEC. 7. Section 739 of the Vehicle Code is amended to read:

739. When Person Arrested to Be Given Notice to Appear in Court. (a)

Whenever a person is arrested for any violation of this code, not declared herein to be a felony, and such person is not immediately taken before a magistrate as hereinbefore required or permitted, the arresting officer shall prepare in duplicate a written notice to appear in court containing the name and address of such person, the license number of his vehicle if any, the offense charged and the time and place when and where such person shall appear in court.

(b) The time specified in said notice to appear must be at least five days after such arrest.

(c) The place specified in said notice to appear shall be either:

(1) Before a magistrate within the county in which the offense charged is alleged to have been committed and who has jurisdiction of the offense and is nearest or most accessible with reference to the place where said arrest is made; or

(2) Upon demand of the person arrested, before a municipal court judge or other magistrate having jurisdiction of such offense at the county seat of the county in which such offense is alleged to have been committed or before a magistrate in the [township] *judicial district* in which the offense is alleged to have been committed.

(3) Before an officer authorized by the city, county, or city and county, to receive a deposit of bail.

(d) Said officer shall deliver one copy of said notice to appear to the arrested person and said arrested person in order to secure release must give his written promise so to appear in court by signing the duplicate notice which shall be retained by said officer. Thereupon the arresting officer shall forthwith release the person arrested from custody.

(c) Said officer shall, in case of prosecution, file such duplicate notice with the magistrate specified therein. Thereupon the magistrate shall fix the amount of bail which is to be furnished, in accordance with the provisions of Section 1275 of the Penal Code, and he shall, without delay, return to the applicant of the defendant and shall indorse upon said notice a statement signed by him in the form set forth in Section 815a of the Penal Code. The defendant must appear in the district court which he appeared to appear in court, except with the consent of the attorney of bail then set. Thereafter, at the time when the case is called for disposition before the magistrate, if the defendant at a preliminary hearing is present or he consents, the magistrate may require the bail to be paid, and upon the return of the magistrate that all further proceedings shall be had in such case.

Upon the making of such order that no further proceedings be had, all cases deposited as bail shall be forthwith returned to the person or persons to whom the case may be.

(4) No warrant shall issue, or such process for the arrest of a person who has given such written promise to appear in court, process and need to be refused and process or has failed to comply therewith, to arrest the person, until he has consented or to comply with the requirements of the court, as required by law.

SEC. 8. Section 743.6 of the Vehicle Code is amended to read:

743.6. Procedure Upon Arrest Discretionary in Certain Cases. Whenever any person is arrested by any member of the California Highway Patrol for any violation of any statute law requiring the payment of bail, or the fine of the Alameda declared to be a misdemeanor but which offense is not specified in this code, such person shall, in the presence of the arresting officer, either execute a written promise to appear in the manner hereinafter specified, or be committed to the county jail or to a jail within the county in which the offense charged is alleged to have been committed and who has furnished bail of such officer and be committed to such available jail nearest to the place where said arrest is made, or, upon demand of the person arrested, before a magistrate in the [township] judicial district in which the offense is alleged to have been committed.

SEC. 9. Section 744 of the Vehicle Code is amended to read:

744. Conviction to Be Reported to Department. (a) Every Justice of the peace, magistrate or judge of a court of record shall keep a full record of every case in which a person is charged with any violation of this code.

(b) Within 10 days after the conviction of a person for any violation of this code, excepting violations of Sections 280, 287, and 288 of that code, relating to the improper parking of vehicles, every Justice of the peace, magistrate or judge of a court not of record shall cause such a copy of record or other such certification to be had, shall prepare and transmit a report in the form of an abstract of such conviction to the department of the State, and shall file an abstract of the record of such conviction in which the name of the person so convicted shall be certified by the person or persons to prosecute the same to be true and correct.

(c) Said abstract must be made upon a form furnished by the department and shall contain all necessary information as to the parties to the case, the nature of the offense, the date of hearing, the plea, the judgment and the amount of the fine or forfeiture, as the case may be.

(d) The failure, refusal or neglect of any such judicial officer to comply with any of the requirements of this section shall constitute misconduct in office and shall be ground for removal therefrom.

(e) The department shall keep all abstracts received hereunder at its office in Sacramento and the same shall be open to public inspection during business hours.

(f) For the purposes of this section, a forfeiture of bail shall be equivalent to a conviction.

PROCEEDINGS UNDER CALL OF THE SENATE
MESSAGES FROM THE GOVERNOR

STATE OF CALIFORNIA, GOVERNOR'S OFFICE

SACRAMENTO, June 22, 1951

To the Honorable Members of the Senate

State of California

Sacramento, California

GENTLEMEN: The First Annual Report of the State Senate Building Finance Committee has thereto been received by me.

In accordance with Section 5111 of the Education Code this report is hereby transmitted to you.

RESOLUTIONS

The following resolution was offered:

By Senator Regan

Senate Resolution No. 249

Relative to an investigation by the Judicial Council

WHEREAS, From time to time it has appeared that it would be for the best interest of the State of California that there is a necessity by which all activities in the State Government of California be made the subject of inquiry for the purpose of focusing the attention of the citizens of the State on the various offices and their operations; and

WHEREAS, The rapid expansion of government on the state level appears to require an independent state-wide body, charged with the responsibility of periodic examinations or surveys of the activities of such state agencies, and possibly said body should be in the nature of a state grand jury; and

WHEREAS, The Judicial Council of the State of California is the agency best equipped to make a study of the feasibility of such body; now, therefore, be it

Resolved by the Senate of the State of California: That the Rules Committee request the Judicial Council of the State of California to conduct proper studies of the advisability and feasibility of the creation in the State of California of a state grand jury or some other suitable agency composed of the citizens at large for the purposes above mentioned; and be it further

Resolved, That the Judicial Council of the State of California report back to the Senate at the next regular session of the Legislature in 1953.

Resolution read, and referred to the Committee on Rules.

CONSIDERATION OF DAILY FILE (RESUMED)

THIRD READING OF SENATE BILLS (RESUMED)

Senate Resolution No. 199—Relative to widening the Black Point-Sears Point Cutoff.

Motion to Amend

Senator Coombs moved the adoption of the following amendments:

Amendment No. 1

In line 2 of the third Whereas clause of the measure, as printed on page 3479 of the Senate Journal for June 18, 1951, strike out "Sonoma", and insert "Solano".

Amendment No. 2

Amendments read, and adopted.

Resolution ordered amended, and to third reading.

Request for Unanimous Consent

Senator Coombs asked for, and was granted, unanimous consent to take up Senate Resolution No. 199, as amended at this time, for consideration.

CONSIDERATION OF SENATE RESOLUTION No. 199 AS AMENDED

Senate Resolution No. 199, as Amended

Relative to widening the Black Point-Sears Point Cutoff

WHEREAS, A serious traffic hazard exists on that part of State Highway Routes 8 and 208, known as the Black Point-Sears Point Cutoff, because of ever-increasing traffic and its substandard construction, which has resulted in numerous accidents and fatalities; and

WHEREAS, The highway in question is only two lanes in width with narrow shoulders for most of its length, affording no opportunity for emergency parking for disabled vehicles; and

WHEREAS, This highway is a vitally important military route and feeder route between U.S. Highway 101 in Marin County and U.S. Highway 40 in Solano County, serving the strategic Mare Island Navy Yard and the vast Hamilton Field army air base, as well as being an essential farm-to-market road for agriculturists and shippers in Northern California; and

WHEREAS, The State Department of Public Works, in a report to the Senate requested by Senate Resolution No. 44 of the 1949 Regular Session, recommended improvement on State Highway Routes 8 and 208 as rapidly as funds would permit rather than to construct a new highway between Sears Point and Cordelia Wye on U.S. Highway 40 in Solano County; and

WHEREAS, This report stated that the "traffic on this route (Sears Point Cutoff) will continue to grow and firmly establishes demand for its retention and development of four lanes thereon" but no funds have been allocated since that report by the State Highway Commission for the improvement; and

WHEREAS, Widening of the road will not only remove the traffic hazard but provide a more adequate route to and from San Francisco via U.S. Highway 101 and thus relieve congestion on U.S. Highway 40, the main highway into San Francisco; now, therefore, be it

Resolved by the Senate of the State of California, That the California Highway Commission is requested to complete surveys and prepare plans and specifications for the widening to four lanes divided that portion of State Highway Routes 8 and 208, between U.S. Highway 101 in Marin County and U.S. Highway 40 in Solano County; and be it further

Resolved, That the Department of Public Works and said commission are requested to carry out such survey and plans as soon as possible, and to report thereon to the Senate on the convening of the 1952 Regular Session of the Legislature, including in such report the estimated cost of such widening improvement; and be it further

Resolved, That the Secretary of the Senate is directed to send copies of this resolution to the Secretary of the California Highway Commission and to the Director of Public Works.

Resolution read, and on motion of Senator Coombs adopted.

Motion carried.

MOTION TO AMEND STANDING RULES OF THE SENATE

Pursuant to the notice of motion given on June 21, 1951, Senator Powers moved the adoption of Senate Resolution No. 208, which amends the Standing Rules of the Senate.

Senate Resolution No. 208

Relative to amend Senate Standing Rule 13.1 in regard to interim investigating committees

Resolved by the Senate of the State of California, That Senate Standing Rule 13.1 is amended to read:

13.1. All claims for expenses incurred by interim investigating committees of the Senate shall be approved by the Committee on Rules or its authorized representative, before such claims are presented to the Controller.

All proposed expenditures, other than expenditures of the funds of an interim investigating committee, shall be approved by the Committee on Rules or its authorized representatives before such expenses are incurred, unless such expenditure is specifically exempted from the provisions of this Rule by the resolution authorizing it.

No warrant shall be drawn in payment of any claim for expenses until the approval of the Committee on Rules, or its authorized representative, has been obtained in accordance with the provisions of this Rule.

The Committee on Rules may adopt rules and regulations limiting the amount, time, and place of expenses and allowances to be paid to employees of Senate interim investigating committees and regulating the terms and conditions of employment of such employees. Copies of all rules and regulations adopted pursuant to this Rule shall be distributed to the chairman of every such investigating committee.

STANDARD REGULATIONS FOR SENATE INTERIM
COMMITTEE EMPLOYEES

1. Interim committees are granted a fixed and certain life by the resolution creating the committee.

No expenditures can be incurred prior or subsequent to its existence, or subsequent to the filing of its final report with the Senate. However, costs of printing the final report (if incurred after the final day of the committee's life) is a proper charge.

2. All claims must be approved by the chairman or vice chairman of the committee. This includes claims approved by the subcommittee chairman. All claims shall then be transmitted in duplicate to the office of the Senate Rules Committee for audit.

3. Errors in extension, addition, or amounts of items of the claim shall be corrected by the auditor. The amount of such corrections shall be added or deducted from, as the case may be, the total of the claim before its submission to the Controller's office for payment.

4. Items in claims which are not proper charges against the State shall be eliminated by the auditor, who shall indicate to claimant his reason for the elimination. The amounts of any items so eliminated shall be deducted from the claim before the Controller draws his warrant therefor. If the employee feels that items eliminated are proper charges against the State, he may resubmit the claim with necessary explanations or substantiating vouchers.

5. All claims for per diem expense, travel, compensation, incidental expense, etc., must be signed by the person to whom the Controller's warrant is to be issued. The claimant's signature must be acknowledged by a legislator or some other person competent to attest such signature.

6. Every unusual item claimed must be adequately explained when submitting the claim.

7. All claims shall be filed in duplicate, shall be verified, and shall state the facts constituting the claim.

8. The following items of expense may be submitted *without vouchers*:

- (a) Per diem expense allowance. (See Rule 13.)
- (b) Mileage (dates and points of starting and destination must be shown).
- (c) Telephone and telegraph charges (no federal taxes) \$1 and under.
- (d) Railroad and bus fares (no federal taxes). (See Pullman accommodations in Rule 9.)
- (e) Taxi fares, \$1 and under.

9. The following items of expense must be submitted *with vouchers*:

- (a) Hotel accommodations where expense is on actual basis.
- (b) Pullman accommodations.
- (c) Purchases of supplies, stationery, etc.
- (d) Postage, expressage, etc.
- (e) Telegraph and telephone tolls (no federal taxes) over \$1. (Show party called.)

10. All claims for compensation of employees must show:

- (a) Actual dates for which compensation is claimed.
- (b) Rate of compensation.

- (c) Position occupied by employee
- (d) Federal withholding tax exemption certificate and Loyalty Oath (if none is on file with Controller)

11. The Rules Committee authorizes mileage (\$0.07 per mile). No employee is entitled to travel expense unless he actually incurs expense therefor. When traveling by privately owned automobile, the payment of mileage to an employee is in lieu of operating costs of the automobile and accompanying employees are not entitled to mileage. Garage, repairs, tires, gasoline, storage, bridge tolls, and other automobile expense items will not be allowed. Each employee claiming travel expense must submit the following information:

- (a) Points of departure and destination.
- (b) Times of departure and arrival (to substantiate hotel and meal expense).
- (c) Dates on which each item of expense was incurred.

12. Headquarters shall be established for each employee by the committee chairman. Allowance for hotel or meals will not be permitted at such headquarters.

13. Each employee is entitled to \$11 per diem allowance in lieu of hotel and meal expense, over a full 24-hour period. For a period less than 24 hours, the allowance is as follows:

Hotel—\$5.50.

Meals—Breakfast, \$1.25; lunch, \$1.75; dinner, \$2.50.

Such in lieu allowances need not be substantiated by receipts.

Each employee when making claims for travel expense must show the time of departure from and return to headquarters. Should the time of departure be after 8 a.m., no allowance may be claimed for breakfast. Should the time of departure be after, or the time of return be prior to 7 p.m., no allowance will be allowed for dinner.

14. No person may be an employee of any Senate committee while employed by any other Senate or other legislative committee without the approval of the Senate Committee on Rules.

15. No employee may be paid by a Senate committee at a rate which, including compensation received from any other legislative committee will exceed \$300 per month in the case of secretarial duties, or \$400 per month in all other cases, without the approval of the Senate Committee on Rules.

16. No employee shall be entitled to expense allowance in Sacramento for more than 30 days during any General Session or seven days during any Budget Session, without the approval of the Senate Committee on Rules.

17. All employees using privately owned automobiles for committee work will be required to carry public liability and property damage insurance in the amount of \$5,000-\$10,000 minimum.

18. Per diems for reporting fees shall not exceed \$15 per day. For transcripts of folios, original ribbon copy, shall not exceed 25 cents per 100 words, and 10 cents per 100 words for each copy made at the same time; for example, one original and five copies would equal 75 cents

per folio. These rates are established by Section 274 of the Code of Civil Procedure, as amended by Chapter 220, Statutes of 1947, also Section 9322 of the Government Code.

19. All items not provided for herein will be governed by Board of Control rules.

"Sec. 4. Section 3981 of the Public Utilities Code is amended to read:

3981. The commission shall, in granting permits pursuant to this chapter, require the carrier to procure, and continue in effect during the life of the permit, adequate protection, as provided in Section 3982, against liability imposed by law upon the carrier for the payment of damages for personal bodily injuries, including death resulting therefrom, in the amount of not less than [five thousand dollars (\$5,000)] *fifteen thousand dollars (\$15,000)* on account of bodily injuries to, or death of, one person; and protection against a total liability of the carrier on account of bodily injuries to, or death of, more than one person, as a result of any one accident, in the amount of not less than [ten thousand dollars (\$10,000)] *thirty thousand dollars (\$30,000)*; and protection in an amount of not less than [five thousand dollars (\$5,000)] *ten thousand dollars (\$10,000)* for one accident resulting in damage or destruction of property whether the property of one, or more than one claimant.

The commission may, upon its own motion or upon the application of any interested party, and after hearing, require any city carrier to procure and maintain cargo insurance in such amounts and upon such terms as the commission may determine.

SEC. 5. Section 3982 of said code is amended to read:

3982. The protection required under Section 3981 shall be evidenced [either: (a)] by the deposit with the commission, covering each vehicle used or to be used under the permit applied for,

(1) Of a policy or policies of [public liability and property damage] insurance, issued by a company licensed to write such insurance in the State; or

(2) Of a bond of a surety company licensed to write surety bonds in the State [; or].

(3) Of a personal bond, with such sureties as the commission finds adequate to guarantee the required protection.

(b) By a trust fund in the amount of fifteen thousand dollars (\$15,000), to be held in trust by some institution or person acceptable to the commission.

(c) By a combination of any of the foregoing methods in such manner that the aggregate of the protection or funds available equals the principal sum of not less than fifteen thousand dollars (\$15,000).

The carrier shall select the method to be used in obtaining the protection, and may change from one method to another, from time to time, with the consent of the commission.]

With the consent of the commission a copy of an insurance policy, duly certified by the company issuing it to be a true copy of the original policy, or a photostatic copy thereof, or an abstract of the provisions of said policy, or a certificate of insurance issued by the company issuing such policy, may be filed with the commission in lieu of the original or a duplicate or counterpart of said policy.

SEC. 6. Section 3983 of said code is amended to read:

3983. The protection against liability shall be continued in effect during the life of the permit. The policy of insurance [,] or surety bond [, or personal bond] shall not be cancelable on less than [ten (10)] *thirty (30)* days' written notice to the commission."

Amendment No. 9

On page 4, line 18, of said bill, as amended, strike out "ten thousand dollars (\$10,000)", and insert "fifteen thousand dollars (\$15,000)".

Amendment No. 10
